From a letter of Mr. Arthur V. Davis, President of the Company, we summarize as follows:

Business

The business conducted by the Company—and by Company is meant Aluminum Company of America, together with subsidiaries, all of whose stock it owns, except director's qualifying shareswas established in 1888 and consists of the mining of the ore of aluminum, smelting of aluminum therefrom and its fabrication.

The Company owns large fabricating plants in which aluminum sheet, wire, tubes and other fabricated forms are made, also large water power plants for production of electricity required by its smelters. The principal plants of the Company are located at East St. Louis, Illinois; Niagara Falls, New York; Massena, New York; Edgewater, New Jersey; New Kensington, Pennsylvania; Shawinigan Falls, Quebec; Badin, North Carolina; and Maryville, Tennessee.

Purpose of Issue

The proceeds of these bonds will be used in part to provide funds for the retirement of \$8,000,000 of the Company's Serial 6% Notes, of which \$4,000,000 mature, respectively, March 1, 1922 and March 1, 1923; and to retire current indebtedness heretofore incurred for capital expenditures.

Provisions of Issue

The bonds will be direct obligations of the Aluminum Company of America and will be issued under a Trust Indenture which will provide substantially, among other things, that so long as any of the bonds are outstanding and unpaid, Aluminum Company of America shall not create, or permit to exist, any secured indebtedness upon or against its properties (including the properties of sudsidiary

companies but excepting the present funded debt of subsidiaries amounting to \$648,988.95), but, this provision shall not apply to or prevent future purchase by the Company, or any subsidiary, of property subject to mortgage, or the creation of purchase money mortgages upon property hereafter. purchased by the Company or any subsidiary; also that current assets of Aluminum Company of America and its subsidiaries shall, at all times, be maintained in an amount at least equal to the aggregate amount of their indebtedness, including the amount of these bonds then outstanding.

Earnings

For the ten years ended December 31, 1920, the net earnings of the Company, after interest, taxes, depletion, depreciation, etc., have averaged in excess of \$10,000,000 per annum. The lowest of such earnings occurred in the year ended December 31, 1912, and were \$4,462,956.60.

For the seven months of 1921 ended July 31, net earnings available for interest before depreciation but after payment of 1920 income taxes (charged when paid against 1921 profits) were \$2,648,698.64.

Aluminum Company of America has outstanding \$18,729,600, par value, capital stock which, at present quoted prices, indicates an equity of about \$75,000,000 behind these bonds.

The active executives of the Company, its directors and many of its employes have been associated with the properties for many years, and their financial interest in the Company is large through ownership of its capital stock.

10-20 Year Federal Land Bank 5% Bonds

Dated May 1, 1921

NEW ISSUE

Due May 1, 1941

Not redeemable before May I, 1931

Interest payable May I and November I at any Federal Land Bank or Federal Reserve Bank. Principal payable at the Bank of Issue. Coupon and registered bonds (interchangeable) in denominations of \$10,000, \$5,000, \$1,000, \$500, \$100 and \$40. Redeemable at par and interest at any time after ten years from date of issue

The Supreme Court of the United States has held, (a) that these Banks were legally created as part of the banking system of the United States, and (b) that the Bonds issued by the Banks are instrumentalities of the United States Government and are exempt from Federal, State, municipal and local taxation.

Issues of outstanding bonds dated prior to May, 1921, are redeemable five years from the date of issue. In order to meet the demand for longer term securities, Congress enacted a statute authorizing the redemption period on new issues to begin in the eleventh year from date of issue instead of in the sixth as heretofore. The Bonds now offered are issued under this authority.

Special attention is directed to the following Statement of Secretary of the Treasury Mellon:

"In view of the very satisfactory financial condition of the Banks themselves, of the exemption of the bonds issued by these Banks from Federal. State, municipal and local taxation everywhere in the United States, and of the very adequate security back of these Bonds, they should prove an attractive security to investors large and small throughout the country."

Acceptable by Treasury: These Bonds are acceptable by the United States Treasury as security for Government deposits, including Postal Savings

Legal for Trust Funds: They are lawful investments for all fiduciary and trust funds under the jurisdiction of the United States Government. They are eligible under the laws of many of the States for investment of all public and private funds, and have been officially held eligible for investment by savings banks in the following States:
