

KIRKLYN NOMINEES FIGHT FOR 3 VOTES

Man Beaten at Primaries Now Has Newspaper and Party of His Own

CONTEST PROVING BITTER

Kirklyn has rolled up its sleeves and is going to fight for what it thinks is right politically. The borough which nestles in the Delaware County hills just outside the city line is small but it is determined.

The fight centers on the election of a Township Commission. Philip John won the Republican nomination for the office over Robert W. Hackett, incumbent.

John's victory at the polls was of the late-leventh variety. He received 120 votes and Hackett polled 128. Hackett's supporters believe that the closeness of the vote warrants a further fight in the borough.

The fight centers on the election of a Township Commission. Philip John won the Republican nomination for the office over Robert W. Hackett, incumbent.

The move is in the form of blue prints. They show the location of every house in the borough, the streets, and explain just when the voters will be home.

In fact, the blue prints tell a story in themselves. They do not but tell the citizen to vote for Hackett.

The campaign up to the present has had many peculiarities. It appears that the supporters of John and Hackett have avoided no criticism about the candidates themselves, but indulged in bitter criticism of each other.

Some of this criticism appeared in the Times Daily Herald and caused some indignation.

The newspaper created in behalf of Hackett is called the Kirklyn Citizen. It asserts that the election of Hackett will mean continued improvements and advancement of the place generally.

Regarding formation of the new party, it says: "We want a home party, not a political party which will endeavor to restore the old friendly and neighborly sentiment that exists such a claim over our lives before the primaries."

As for the Democratic party, Kirklyn has paid no attention to either one of them.

Gimbel Brothers 79th Anniversary Sales

For Thursday

A store measures public appreciation—and its own thoroughness—by the volume of sales. And, so measuring, it is gratifying that the Gimbel business is well in excess of its past best records.

Monday, despite the rain, set a new high record for sales.

This evidence of the public's great buying power should hearten all industry.

—Gimbels, Subway Store

GIMBEL PIANO CLUB

Gives New Buying Muscle

Any employed person—every home—can afford a really good—

PLAYER-PIANO \$395

"The Conreid"—our name, no money to pay for that. Our guarantee—and none can be more complete.

Possible through the economy of the Gimbel piano club plan—devised by us, copied in words hundreds of times, but copied in reality, never. We simply make large, safe saving by a tremendous purchase of one instrument; then we focus the attention of nearly four million people to that one proposition—it more than halves the selling expense. Glad to subtract from usual price these savings. Thus—

This Player-Piano is yours for less cost than it can be bought for anywhere.

Not only that, but we allow nearly three years to complete payments.

We charge no interest; but allow a deduction if at any convenient time you pay the remaining balance all in a lump. For instance—

We send the Player-Piano Home on a First Payment of as little as \$10

Then you pay the remainder at rate of \$2.50 weekly.

This would give you 153 weeks to complete payment. Suppose at the end of a year you decided to pay the balance. You had paid \$10 at purchase, and 52 times \$2.50—in all, \$140.00. The remainder would be \$255—equal to 102 weekly payments. The money would earn us 6 per cent. for the average time of 51 weeks, and you would be allowed \$15.25.

"CONREID" PLAYER-PIANOS Are Guaranteed by Gimbel Brothers

The action is one of the proved standard makes, the piano part is full seven-and-a-third octaves; has bell-metal plate, overstrung bass—solid copper-wound strings.

—Gimbels, Hardman Hall, Seventh floor

Without putting me under any obligation, please send fuller particulars of "Conreid" Player-Piano.
