as I come in?" "Certainly." And she held the door wide for him to enter. He preceded her into the tiny living room, which seemed to shrink and grow timer than ever

trying to make you see my side of it, and there was Jimmy. I had to see him, and there were explanations. suppose it didn't bappen to occur to

"I can't say that I thought of its at all. Why should t, when having you means everything to me?" Theo was standing before him with her hands rightly clasped. The deep

tones of his voice were tugging at her heart strings, she did not dare to raise her eyes to his face lest he g'impse her real feelings in their depths, for she hadn't remembered how much she had learned to care until he had surprised - by walking in upon her nnexpect

Theo. He felt after he had left true in at her home that her home that her some toward her had been shruth, almost revers he had been shruth, almost gated the weetered at himself for having raised be to dinner, but at the moment when the had halled him in the station, the very fact that she was a woman had interested him. Women were strange beings to him, but Gracia was very different from Theo. They had been brought up in different environments, and Theo had had to battle for an existence, while Gracia sat in the lap of laxury.

Late as it was, as soon as he had taken leave of Gracia, Blakeslee hurried down to his office. Once there he made a thorough search of his files for Theo's address, and finally located it, but it was too late to go in search of the girl that night, and he was forced to wait until morning.

It was barely ten e clock, and Theo was cating a solitary breakfart from a tray which she had carried into the little living room, when the bell rang at tray which she had carried into the little living room, when the bell rang at tray which she had carried into the little living room, when the bell rang at tray which she had carried into the little living room, when the bell rang at tray which she had carried into the little living room, when the bell rang at the started to her fact, and the color had a spid leve him, smooth, and terminal tray which she had carried into the living room, when the bell rang at the started to her fact, and the color had a spid leve him, smooth, and terminal tray which she had carried into the living room, when the bell rang at the spid or see hid ever him, smooth, and terminal tray which she had carried into the living room, when the bell rang at the spid or see had been any wengen and the living room, when the bell rang at the spid or her was the spid or him that the spid or her was constituted to her fact, and the color had a spid layer him, smooth to have been any some spid layer him, smooth the spid layer him, smooth the spid layer him, smooth the spid layer him.

She started to her feet, and the color visits, will every fiber of her woman-shed to her free. It was with a head the was conscious of that. rushed to her face. It was with a hood she was conscious of that, wildly beating heart that she went to answer the door.
