Find Happiness I JUST happened that within a single week lately three persons that 1 was with avered in the ordinary course of conversation that they were seldom happy. WHAT LONG TASSELS CAN DO FOR A DRESS

The street dress with its collar and cuffs of light gray fur is given a touch of distinction and style by the long silk tassels which hang from the narrow string girdle. The afternoon frock of canton crepe, made on slim lines makes a special point of its front breadth, but even that would not give it such an air as tassels do, drooping languidly from belt and cuffs. While in the evening, on a white satin dress, it is difficult to use regulation tassels, but we do the next best thing by having the whole front of the skirt covered with long strings of jet beads, arranged in groups as much like a tassel as possible
