Scheduled Intersectional Battles May Be Canceled if Walkout Takes Place—Gridiron Clash at Phillies' Park-Ruth Batted in 166 Runs in 1921

> By ROBERT W. MAXWELL Sports Editor Evening Public Ledger

WHEN all of the big Eastern colleges adopted a broad-minder (1.15) in arranging the 1921 football schedules and included one or more intersectional games the gridien sport received a big boost. Instead of confining their battles to sectional tilts, as has been the case in the past, every one was invited to come out here and show what they and. Teams were brought from the West and the South, principally the latter. The game became more popular and there was a chance to compare the leading elevens in all sections.

It was figured that in these days of rapid transit and limited railroad trains teams could travel a thousand miles or more without feeling any ill effects from the journey. In other words, the teams out West and in the South were just as close as those up in New England when it came to traveling. Harvard scheduled Indiana, Georgia and Centre Colleges; Yale booked North Carolina and Maryland: Princeton took on Chicago; Penn Invited Virginia Military Institute to come here for a game; Pittsburgh scheduled a contest with Nebraska; Dartmouth with Tennessee; the Army with Notre Dame, and Rutgers with Notre Dame.

Some of these games have been played, but a majority are yet to come Therefore, with the big railroad strike looming in the offing, what is to become of these games? If the roads suspend business a lot of arbieres will be left high and dry, all dressed up with no place to play

As the strike is expected to starr on October 30, the travelers on October 29 have a swell chance to be stranded. On that day Centre plays Harvard at Cambridge and Georgia Tech meets Penn State on the Polo Grounds. Virginia will be at Princeton and Washington and Jofferson at Scraeuse. It is doubtful if these games will be canceled if the strike is located, it cause the teams can leave for home on the night of the 29th and the through trains will complete their run before kneeking off work.

However, it will be different on November & Nebruska cannot po make the trip from Lincoln to Pittsburgh and Notre Dams will find it difficult to reach West Point. Maryland can reach New Haven by boat, and this game seems to be the only one which can be called certain. The following week Dartmouth can get to New York to meet Penn and the Navy and Penn State can motor to Philadelphia. The big games will not be affected. Yale Harvard and Princeton are in

the same neighborhood and a lot of students know how to run their own cars. BIT the big thing to be considered is the intersectional schedule. If that goes floor because of the stocke, some interesting pames will

be missed. Here's hoping there wan't be any strike. Independent Football Season Opens on Saturday

T EO CONWAY takes pleasure in announcing that his great aggregation of gridiron warriors will make its debut, take an initial bow and other-wise open the independent football senson at the Phils' park next Saturday Mr. Conway also announces in his modest, quiet manner that his team, which is known as the Union A. "Shenandeah, 1920 gridiron champions of the anthracite region, expects to retain the title this year with a team that is rated even stronger than last year's. So far this season the team has severed 136 points in three games, as Fifty against Reading, 41 against Freeland and 45 against Lancas-The team has not been scored on so far. Lukas, a brother of John Lukas, halfback on the U of P. center position is well taken care of by Sankas. Shoppe and Symbal, and the ends by Angy and Yadusky

### Ruth vs. Landis

THE stage is all set for the final vertice in the Ruth vs. Landes quarrel. and from where we are diving it looks as it the Judge would win the decision on points—principally legal. The Bats is playing with his all-stars and the Judge is reading baseball are. The near old public is anxiously awaiting a ruling, and when the suspenso is almost at the breaking point the big news will be dished out

While we are not given to predictions we would like to venture a guess that Ruth will get all that is coming to him, and perhaps more. It is too good an opportunity to overlook, and with a man of Bambino's standing openly violating the rules and telling the high remains-somer of the game where to get off. Mr. Landis is all set to sack the home-run king for the long count Then, after the decision has been handed down, the matter can be threshoot out and amienbly adjusted before the spring training trips begin. The best time to have trouble is in the winter when the players are doing nothing But the Bube will have many supporters, and this is not strange or

unusual. He is in a class by himself in the national game and the figures prove it. According to Econe Langan, the agger fabert, Rath created a new record in batting in runs Unable to beat his walking record in 1921, the Babe this year surpassed

all previous marks by batting in 166 runs for the Yankees, 20 more than he drove in the previous season.
