

DIAZ LAYS WREATH ON TOMB OF T. R.

Italy's Hero Goes to Oyster Bay to Honor Former President
FINDS N. Y. LIKE NAPLES

By the Associated Press
New York, Oct. 20.—General Armando Diaz, Italy's victorious war chieftain, who arrived here yesterday, rowed early today for a motor trip to Oyster Bay, where he is planned to lay a wreath on the grave of Theodore Roosevelt.

The visit to Roosevelt's grave was the only formally listed event on the day's program. Upon his return to New York General Diaz and his staff intended to spend several hours in a night-meeting.

The sturdy little hero of the D'Avè was accorded a rousing welcome when he landed at the Battery from a naval tug yesterday after being escorted up the bay by a detachment of destroyers and aircraft.

"It's like Naples," he exclaimed as he rode through demonstrative crowds, thick with natives and children of natives of his own Italy, to the City Hall, where he was formally welcomed by State and city officials.

General Diaz will remain in New York until Saturday, when he will go to Washington to pay his respects to President Harding. A tour of the country will follow.

CROWD SHOUTS ITSELF HOARSE FOR GENERAL DIAZ

Italy's "Man of Destiny" was the center of a wildly enthusiastic multitude of Italian American admirers when he landed in New York yesterday as a delegate to the Amannet Conference in Washington on November 11. General Diaz will visit Philadelphia and other big cities before the conference opens.

IRISH WILL RECALL M'SWINEY'S DEATH

Great Demonstration to Mark First Anniversary of Martyrdom

RESUME PARLEY TOMORROW

By the Associated Press
London, Oct. 20.—Arrangements have been completed for a demonstration to be held on Sunday, the first anniversary of the death of Terence MacSwiney, former Lord Mayor of Cork, who died in Brixton Prison last October following a hunger strike of more than seventy days. The demonstration will be held in Trafalgar Square, and on Wednesday next there will be a commemorative meeting at Albert Hall.

Belfast, Oct. 20.—(By A. P.)—Two persons were wounded during firing which occurred in the Shankill street area between military and snipers last evening. One of the injured was a girl.

Special Cable Dispatch—Continued from 1921

London, Oct. 20.—The Irish conference will not meet today, as Prime Minister Lloyd George expects to be occupied with the unemployment debate in Parliament. In the meantime, the committee meetings are continuing and it is said they have got down to practical work and are considering the British proposals for the future government of Ireland in detail, ignoring for the time being the crucial question of independence or sovereignty.

The real crux is likely to come over Easter. The Sinn Féin still insists on the unity of Ireland, while Lloyd George is equally insistent on partition. The Sinn Féin, it is said, is prepared, if unwillingly, to let the four counties of Antrim, Down, Armagh and Londonderry, which have Protestant majorities, go, but they insist on keeping Tyrone and Fermanagh, which are predominantly Catholic, but which are attached to Ulster. If Tyrone and Fermanagh remain in Ulster the people of these counties threaten to rebel and join South Ireland.

No doubt back in the minds of the Sinn Féiners is the certainty that Ulster cannot survive without Tyrone and Fermanagh and that it will be glad to come into Ireland voluntarily. The Belfast politicians know this just as well as the republicans, and they will make a bitter fight to retain the two counties.

STUDENTS FOR DISARMING

College and School Convocation Called for November 13 and 14
New York, Oct. 20.—(By A. P.)—Representatives of 700 colleges and universities and more than 1,500 secondary schools are to be invited to attend a national student convocation on disarmament in Chicago, November 13 and 14, says an announcement issued today by the Board of Education of Protestant Episcopal Church.

The convocation is sponsored by various peace organizations, including the Board of Education of the Catholic hierarchy, the Board of Education of the Protestant Episcopal Church, the Board of Education of the Episcopal Church, the Board of Education of the American Episcopate, the Young Men's Christian Association and the Young Women's Christian Association.

WIFE DIVORCES DR. DORISS

Philadelphia Wins Decree Against Atlantic City Physician
Atlantic City, Oct. 20.—A final decree of divorce has been entered for Mrs. Harriet Ellen Doriss, in the suit brought some time ago against her husband, Dr. H. Stokes Doriss, of this city.

In recommending the divorce Special Master Thompson advises that Mrs. Doriss shall have possession of the two children, who are now attending school in Philadelphia, and that the physician shall pay alimony of \$20 per week. Mrs. Doriss also is living in Philadelphia.

Although the basis for the action was desertion, the special master refers to a "Miss Johnson" who was the housekeeper for the physician here, and says the relations between Dr. Doriss and the housekeeper were such, based on the testimony, that "said defendant should be entitled to a divorce on the grounds of adultery."

FARMERS IN NEW LINE

To Organize Co-operative Plan for Sale of Livestock
Chicago, Oct. 20.—(By A. P.)—A national co-operative livestock marketing plan on which representatives of agricultural associations have been working for nearly a year, will virtually be completed with tomorrow's session of the Farmers' Livestock Marketing Committee here, it was announced today.

A ratification conference will be held here November 10.

A main feature of the national plan is the organization of farmers' co-operative selling agencies at principal markets.

REFUSE TO BACK HOWAT

Illinois Miners Demand Return of Money Sent to Kansas
Pittsburg, Kan., Oct. 20.—Return to the treasury of the Illinois miners of the \$45,000 balance of a \$100,000 fund sent to the Kansas miners to fight the Industrial Court law has been asked by Walter Nesbit, secretary-treasurer of the Illinois district, it has been known today.

Mr. Nesbit announced in Springfield, Ill., however, that the request did not mean that Illinois miners had withdrawn their support from the Kansas mine workers, but because Thomas Harvey, principal secretary-treasurer of the Kansas district, was opposed to Alexander Howat and his fight against Governor Allen.

SAILORS BURNED TO DEATH

Two Members of Crew Perish When Fire Destroys Ship
Marine City, Mich., Oct. 20.—(By A. P.)—Two members of the crew of the steamer William H. Wolf lost their lives when the vessel burned opposite here this morning, and Captain J. P. Hanson, of Detroit, who escaped by jumping from the deck of his ship into a small boat, suffered fractures to both legs.

CONVICT DOCTOR OF MURDER

Oregon Physician Hoped Victim's Body Would Be Thought His Own
Roseburg, Ore., Oct. 20.—(By A. P.)—Dr. M. Brumfield was found guilty of murder in the first degree last night in connection with the death of Dennis Russell, whose headless body was found beneath Dr. Brumfield's residence.

In its final summing up the prosecution declared that Dr. Brumfield killed Russell, but the body so that it might be mistaken for his own and then disappeared, "as a means of clearing himself of tangled financial affairs."

In Oregon the penalty for murder in the first degree is death by hanging.

RUSSIAN LOOTING IS MYTH

American Relief Official Denies Appreciable Thefts of Food
London, Oct. 20.—(By A. P.)—Thefts of food supplies sent to Russia by the American Relief Administration have been very small, says a letter from Walter L. Brown, Russian director of the administration, which is quoted in the London Times.

The letter concerns primarily reports made to Moscow by a large number of supplies sent to Petrograd on board the Danish steamship Phoenix. Mr. Brown declares the loss occasioned by the action of hogshead men there was nearly more than one-half of 1 per cent of the cargo. He adds that this loss could not be any stretch of the imagination to be called looting.

From news and relations of Mrs. Sarah Persch, 705 Kaighn avenue, Camden, are congratulating her today upon her 101st birthday. Mrs. Persch was born in Russia and came to Camden thirty years ago in the death of her husband, a Russian merchant. She has one daughter, Harry Albert, a resident of the Point.

Mrs. Persch reads and sews, and she and her son possess a good set of tools.

Shows Happy Mien

From the Battery the Italian war-tor was driven by heavy Broadway to City Hall Park, where Mayor Hylan and Lieutenant Governor Woods welcomed him to the City and State. Everywhere the crowd, white and red, the air of Italy here beseeching the American emblem.

The stern manner of a master disciplinarian with this "man of destiny" and "savior of Italy" was missing yesterday. Short in stature and only one-half his sixty years, General Diaz bore a happy mien, smiling always and recognizing salutations with gracious bows.

"I am overwhelmed beyond expression," General Diaz exclaimed as he reached the hotel. He regarded the demonstration not for himself, but as a tribute to Italy, he added.

Asked for his views on disarmament, he said:

"Italy made war as America did. Italy wants peace as America does, and Italy realizes with America that to realize world peace and security we must disarm, not only in weapons, but also in spirit and passion that makes for war."

WEDS HERO'S WIDOW

Augustus Hines and Mrs. Carrie Armstrong Married at Cape May
Cape May, Oct. 20.—Mrs. Carrie Armstrong, daughter of Mr. and Mrs. Daniel Fower, and Augustus Hines, son of Mr. and Mrs. Frank Hines of this city, were married here today at the Rev. C. O. Basserman.

The bride is the widow of Dr. Edward Armstrong, who was with the Red Cross in France, Belgium and the Holy Land during the war. Under a medal which the French Government awarded him for valiant service was conferred here.

Mrs. Armstrong was also decorated by the British, Belgian and United States Governments. He was killed in an automobile accident on the day he was to sail for home from the Holy Land.

Hines was a former sugar agent, the bride before her marriage to Dr. Armstrong. He was formerly a steam fitter at Carnegie Tech.

STEINWAY PIANOS

Measure Price by Quality

Every pianomaker follows the "Steinway method" just as closely as patent laws allow, and as far as his limit of skill permits him to approach Steinway manufacture and musical results. Another form of imitation has developed in price. The superior construction and costly materials of the Steinway, of necessity, made its price higher than that of all other pianos, and this greater price added to the Steinway another coveted point of distinction. But now some inferior pianos are offered at greater prices than Steinway, while other pianos without real merit are priced up to or near Steinway selling figures. This form of imitation is as unfair and unfavorable to the buyer as is the futile attempt to follow Steinway into the field of scientific construction.
