

WEEKS RE-ELECTED HEAD OF AUTO CLUB

Promised Opposition Fades When Keystone Vote Is Taken at Meeting

3000 ATTEND SESSION

J. Borton Weeks, president of the Keystone Automobile Club, and as such the inevitable foe of "Fining Squire" D. Martin Yerkes, of Millbourne, was re-elected to the presidency of the club last night.

There was much talk among the 3000 members who attended the fourteenth annual meeting, smoker and election, held in the Lu Lu Temple, about opposition to Mr. Weeks' candidacy.

In fact, there was more than talk, there was much noise, and a definite campaign with the name of an opposition candidate given out on printed cards. The hall was filled with whispers, and as the time of election approached the tension increased. State Senator Buckman was appointed election judge.

On the opening of nominations, the entire list of present officers and directors was re-named. The nominations were then closed by motion from the floor, and without a dissenting voice Mr. Weeks was re-elected and the opposition could not be located anywhere.

A resolution adopted asked that a camping place for visiting motorists be established at the expense of the city within the city limits. Mr. Weeks explained that some Western cities had taken such action because so many motorists carried their tents and living equipment with them, and did not carry clothes and necessary appurtenances to live in the hotels.

Another resolution asked that Council increase the number of the city traffic police. Other resolutions adopted extended to other cities motorists an invitation to visit during the Sesqui-Centennial, and asked legislation aiding the Constitutional Amendment authorizing the \$50,000,000 road loan.

MOUNTED PATROLMAN HURT

John Dougherty Thrown From Horse at Fifty-ninth and Market Streets

While on his way to his beat at North Wynnsfield, John Dougherty, 1429 North Wanamaker street, a mounted policeman, was severely injured when he was thrown from his horse. The accident occurred at Fifty-ninth and Market streets. He was taken to the Misericordia Hospital and is being treated for a possible fractured right leg, contusion and bruises.

Dougherty is attached to the Sixty-first and Thompson streets station.

\$10,000 LOST IN SEWER

Expert Seeks Radium Needles Which Patient Threw Away

Hamilton, Ont., Oct. 25.—(By A. P.)—Search for radium needles valued at \$10,000 will be made in the sewer of the City Hospital here, today, on the arrival of an expert from Pittsburgh, Pa., equipped with a magnetic instrument for attracting radium. The needles were lost when a patient to whom they had been applied threw them away with bandages in which they had been wrapped.

FIFTY YEARS A MINISTER

Golden Jubilee of the Rev. Dr. James Crawford on Sunday

The fiftieth anniversary of the ordination to the ministry of the Rev. Dr. James Crawford, pastor emeritus of the Christ Reformed Church, Green street below Sixteenth street, will be celebrated in that church on next Sunday.

Addresses will be delivered by the Rev. Dr. George W. Richards, president of the General Synod of the Reformed Church of the United States, and also president of the Theological Seminary, Lancaster, Pa., and the Rev. Dr. H. H. Apple, president of Franklin and Marshall College, Lancaster, Pa.

For over thirty-three years Dr. Crawford served as the pastor of this congregation, having been installed in September, 1883. He resigned December 31, 1915, and was elected pastor emeritus by that church.

Collingdale Rector Resigns

The Rev. James C. Crosson, rector of the Trinity Episcopal Church of Collingdale, Delaware County, has resigned to accept a call from the Church of St. Jude and the Nativity in this city. At a farewell service Sunday night the P. O. S. of A., William L. Gorgas Masonic Lodge No. 40, of Collingdale, and the Keystone Commandery of West Philadelphia, attended.

On the opening of nominations, the entire list of present officers and directors was re-named. The nominations were then closed by motion from the floor, and without a dissenting voice Mr. Weeks was re-elected and the opposition could not be located anywhere.

A resolution adopted asked that a camping place for visiting motorists be established at the expense of the city within the city limits. Mr. Weeks explained that some Western cities had taken such action because so many motorists carried their tents and living equipment with them, and did not carry clothes and necessary appurtenances to live in the hotels.

QUITS ASYLUM; ARRAIGNED

Former Newspaper Man Held for Writing Threatening Letters

Trenton, Oct. 25.—Pleading not guilty before Judge Rellstab in the Federal Court to a charge of sending threatening letters through the mail, J. Raymond O'Connor, of this city, who was recently released from the State Hospital here, was held in \$2000 bail for trial. Arraignment of O'Connor came as a surprise, as it was generally believed the case against him had been dropped by the Federal authorities after he had been adjudged insane.

O'Connor is accused of sending letters to prominent persons in this city demanding sums ranging from \$1000 to \$5000 under penalty of having their homes blown up. The letters usually ended as follows: "Death unto those who defy us, Eastern Branch of American Anarchists."

Demands of \$5000 were made in communications to the late Colonel O'Reilly and the late Henry C. Kelsey.

Special Tags Hard to Obtain

Harrisburg, Oct. 25.—The State Highway Department has reserved numbers under 100 for State-owned cars and the cars of State officers, as in former years, and hopes of various people for lower numbers have been dashed thereby.

Many letters have been received asking for low numbers and combinations of numbers which it will be impossible to supply.

Watch Your Gums—Bleeding a Sign of Trouble

Medical science knows how serious is the sign of bleeding gums. For it knows that tender and bleeding gums are the forerunners of Pyorrhea, that dread disease which afflicts four out of five people over forty.

If the disease is unchecked, the gum line recedes, the teeth decay, loosen and fall out, or must be extracted to rid the system of the Pyorrhea poisons which seep into the system and wreck the health. These poisons often cause rheumatism, nervous disorders, anaemia, and other ills.

To avoid Pyorrhea, visit your dentist often for teeth and gum inspection, and use Forhan's For the Gums. Forhan's For the Gums will prevent Pyorrhea or check its progress, if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums firm and healthy—the teeth white and clean. Start using it today.

Brush Your Teeth With Forhan's—How to Use It

Use it twice daily, year in and year out. Wet your brush in cold water, place a half-inch of the refreshing, healing paste on it, then brush your teeth up and down. Use a rolling motion to clean the crevices. Brush the grinding and back surfaces of the teeth. Massage your gums with your Forhan-coated brush—gently at first until the gums harden, then more vigorously. If the gums are very tender, massage with the finger, instead of the brush. If gum shrinkage has already set in, use Forhan's according to directions, and consult a dentist immediately for special treatment.

35c and 60c. All druggists.

THERMOS WARNING

Importers and Dealers offering for sale Infringements of United States Re-issued Letters patent No. 13093, the basic patent owned by this Company, which patent covers all methods of reinforcing the glass filler within the vacuum chamber (without which vacuum bottles are worthless) will, from and after this date be vigorously prosecuted in the United States Courts.

The following suits have been filed:

- American Steel Export Co., New York City
- Harris Glass Company (Maurice Harris) Brooklyn, N. Y.
- Carl P. and Sidney H. Gobay (Trading as: American Vacuum Bottle & Tray Co.) New York City
- Heyman-Weil Company San Francisco, Cal.
- Benjamin L. Church New York City
- Simplex Vacuum Manufacturing Co. Philadelphia, Pa.

Additional suits to follow.

THERMOS Notice to the Public

The American manufacturers of "Universal," "Hot-A-Kold" and "Icy-Hot" Bottles are licensed under the above Re-issued United States Letters patent.

Thermos and vacuum bottles, manufactured by this Company and its Licensees, retail at pre-war prices, namely:

- PINT SIZE \$1.50 up
- QUART SIZE \$2.50 up

Your attention is called to the fact that cheap German importations offered at this time permit the leakage of liquids between the glass filler and the metal case. They employ as a filling between the glass filler and the metal case a corrugated paper lining. The fillers are not protected within the case by a metal, sanitary, spring shock absorber. The use of corrugated paper is condemned by physicians and Boards of Health in the leading cities of the country. The absence of the spring shock absorber in vacuum bottles greatly increases breakage in the hands of the user.
