Club Closes Not Later Than November 12th Ending the opportunity to secure a

Beautiful "Conreid" Player-Piano

Cased in Mahogany and Fully Guaranteed, for-

This is Gimbels fifty-second piano club, and through these clubs, devised by us and never really copied in their fine spirit of helpfulness, we have sold more than two million dollars' worth of splendid pianos and player-pianos-at actual savings running into many hundreds of thousands of dollars.

Through these clubs we have sold many of the country's foremost instruments. The plan was created to bring really fine musical instruments within general reach-to make it possible for every home, for any employed person to have a good piano, and unnecessary to get along with a questionable

This Club has excelled them all in interest. We arranged for the instruments to come at the rate of several carloads weekly, but have been continuously and provokingly oversold.

Had to stop advertising; had to coax the factory making the "Conreid" for us to divert to us other shipments, if possible. At last a big automobile car was loaded and started-routed carelessly it was caught by a bridge too low for its clearance.

But the skies clear-and we will receive shipments to complete the club demands till its closing. November 12th. Or, if the demand overwhelms us, we will have to close the club earlier.

We represent in a large territory Hardman Piano and Autotone. Vose Piano and Player. Harrington Piano and Player. Packard Piano and Player. Milton Piano and Player.

GIMPEL BROTHERS Philadelphia:—
