when our doctor, several years ago, prescribed it for an epidemic of sore throat. You know how it runs through a family.

"We like Formamint because it relieves so quickly and is so much more convenient than gargles and sprays, especially for the children who hate such remedies.

Then you remember the 'flu' epidemic. How fearful we all were of crowded, stuffy places; theatres and shops; crowded cars and illy ventilated school rooms. Again the whole family 'Formaminted' their throats and mouths, by using the pleasant tasting tablets freely, whenever there was danger of contagion.

"Formamint must be really antiseptic, because none of us had the 'flu,' and few had sore throats, that whole winter. You can put our family down as Formamint enthusiasts."

hair. Present it at once - this is a

one-week offer. If your regular druggist can't supply you call on another.

Palm and Olive Oils The softening effects of olive oil are

responsible for gloss and softness. It produces a mild penetrating lather which softens and relaxes the scalp and enters roots and hair cells.

The accumulation of dirt and oil is thoroughly dissolved. Dandruff is penetrated and removed.

Palm oil contributes richness and body to this lather and makes it lasting. Both oils have been famous since Cleopatra's day for their softening, relaxing qualities which no others possess.

Combats dandruff

Dandruff, which doctors call seborrhea and say causes most hair troubles, is not removed by most shampoos.

The dry, oily scales are impervious

to usual cleansing. It only makes them more powdery and flaky.

But they must be got rid of some way or you may lose your hair. Dandruff packs around the roots and interferes with nutrition. This makes even the normal secretion found on every scalp dangerous to hair health.

The softening, penetrating lather produced by the combination of palm and olive oils loosens the scales and dislodges them from the scalp. The delicate organism of each hair is free for healthy activity.

Present the coupon at once for the free 15-cent trial bottle, for one shampoo will prove that all we say is true. You will never be satisfied with other way's of shampooing once you learn what Palmolive will do.
