A Remedy for Moths

To the Editor of Waman's Paai

To the Editor of Women's Pan Dear Madam—You have helped so many people, and no 1 now come to you for help also We are greatly troubled in our house with the moths. Many valuable articles have been spoiled. I have tried many things, but they do not seein, to help. Can you please tell me what to do about this? R. 42.

this" I. G. First take everything out of the closets into all crevices of each garment such as seams, pleats or trimming, to see that there is no trace of the moths left. Then hang the clotles outdoors while you go over the closets carefully and thoroughly with strong soansude. Then aprinkle cedar chips or campion, if you don't mind the smell, all over the closets before putting the clothes back. You whould have no further trouble with the moths. When putting things away for a season wrap them in several thick-nesses of newspaper, with some cedar the moths will not want to get in, even if they can work their way through the papera

All the difference in the world—in flavor, quality, crispness and texture-between ordinary corn flakes and

> **Post Toasties** -best corn flakes

But you must say "Post Toasties" (not "corn-flakes") to your grocer, to get the superior kind.

What Happens when you shampoo our way

The first result is softness you have never before experienced after washing. The usual dryness and brittleness are absent.

Your hair is glossy and silky in textureevery strand gleams. Most important, your scalp is purged from every trace of dandruff.

Only palm and olive oils can accomplish such results. They have been famous since Cleopatra's day for their softening, beautifying qualities both on hair and skin.

These costly oils, imported from overseas, are the basis of Palmolivé. Their combination produces the softening, beautifying shampoo.

Olive oil for gloss Palm oil for richness

Olive oil possesses softening qualities which neutralize the drying effects of washing. Palm oil contributes body richness and lusting qualities.

In combination they produce a thick, mild, profuse, penetrating lather which softens the scalp and reaches every root and hair cell.

PALMOLIVE Shampoo

The Blend of Palm and Olive Oils

This lather loosens the dandruff scales, dislodges and dissolves them, leaving the scalp and hair free to function healthfully.

Keeps your hair healthy

This thorough removal of dandruff, which doctors call seborrhea, is most necessary, as even the accumulation on healthy scalps injures the hair.

The dry, oily scales clog the roots of the huir, preventing proper nutrition. Soon the hair begins to fall out.

The blend of palm and olive oils you get in Palmolive softens and penetrates the scales. loosening the cap-like accumulation.

Gentle massage forces it into the tissue of the scalp, leaving it healthfully purged and clean. Hair shampooed with Palmolive is never dry, harsh and brittle. The blending of these soothing oils leaves it soft, glossy and silky.

If for any reason you didn't get the free 15-cent trial bottle, send the coupon and we will gladly mail it.
