

CHURCHES AIDING 'GOOD CITIZEN' CALL

Sunday Schools Take Active Interest in Back Up Mayor's Proclamation

NOVEMBER 27 IS DATE

Philadelphia Sunday schools are taking advantage of the Mayor's "Good Citizen" Day, November 27, to distribute membership literature as an important adjunct of the movement.

The Philadelphia Sunday School Association has taken the lead in distributing literature endorsing Mayor Moore's proclamation calling for greater attendance in the churches.

pamphlets urging the Sunday schools to increase their membership by taking advantage of this day have been sent to every Sunday school superintendent in the city by Samuel B. Farns, general secretary of the association.

The pamphlets, besides calling for greater attendance, give detailed instructions to insure success of the movement and make the Sunday school membership of this city pass the 500,000 mark.

Churches Plan Programs

George W. Schroeder, superintendent of the Sunday school at the Bethlehem Baptist Church, Eighteenth and York streets, has engaged a special speaker for the day and will follow the program outlined by the Philadelphia Sunday School Association.

At the Emmanuel Reformed Episcopal Church, East York and Sepviva streets, Superintendent James A. Anderson is having pledge cards printed for distribution, and the men's Bible class has sent out special cards calling attention to the significance of the day and urging them to triple the attendance.

Pledge cards have also been distributed at the Frankford Methodist Episcopal Church, Frankford avenue and Tolkrook street, where Arthur T. Ireland is superintendent.

At the Zion German Presbyterian Church, Twenty-eighth and Grays streets, August Klose, superintendent.

WANT WAR CASH FOR ROADS

Keystone Auto Club Would Save Money Saved on Highways

"Roads instead of battleships," is to be the slogan of the Keystone Automobile Club, if the Conference for the Limitation of Armament eventually decides on a naval holiday. Resolutions to this effect have been adopted by the club.

It is suggested by the club that money now used for naval construction, if saved by the Government through such a holiday as proposed, be used for the construction of one great transcontinental highway, and for north and south roads, one on the Atlantic and one on the Pacific Coast. The advantages of such roads according to the club, in the event of strikes or internal disorders is obvious.

The matter will be laid before President Harding, members of Congress, and the backing of every automobile club in the country will be asked.

LAFF

WITH FALSE TEETH? SURE!

Dr. Wernet's Powder

KEEPS THEM TIGHT

Relieves sore gums, sweetens the breath. A white powder. At best Drug or Department Stores, 30c., 60c., \$1.00 or write direct to Wernet Dental Mfg. Co., 115 Beekman St., N. Y.

So convenient and effective for sore throat

With gargles or sprays it is impossible to keep a sore throat under anything like continuous treatment. With Formamint, it makes no difference where you are—at work, in crowded car, shop, theatre or church—you can dissolve one of these delicious, almost candy-like tablets in your mouth once an hour or so. An effective yet harmless antiseptic is released and, carried by the saliva, continuously bathes the entire lining of the mouth and throat, checks germ growth, and gives the sore, infected tissues chance to heal.

Formamint Tablets used when especially exposed to infection reduce your danger of catching sore throats, and even influenza, from others.

Children can—and should—use them freely, as defence against throat affections and influenza which spread so readily in congested school-rooms.

Recommended by throat specialists, physicians, dentists and druggists.

GET THE PUROCK WATER HABIT

THE water habit is a health habit. The person who drinks water only to quench thirst loses its chief benefit.

Purock water has the power to invigorate the human body by dissolving and absorbing the waste tissue that is constantly forming. No other water can do this as thoroughly as Purock.

Purock is distilled scientifically, by a special process, so that not a particle of foreign matter remains. It is charged with life-giving oxygen and delivered to you in sealed bottles.

Let your drinking water always be Purock. It is more than a thirst quencher and is inexpensive.
