LEADING STOCKS LACKED SUPPORT

Possibility of Friction at Arms Conference Causes Retreat From Buying Side

New York, Nov. 19.—Concentration of interest by the highest financial and political circles in the indicated developments at the Limitation of Armament Conference at Washington was shown in a pronounced manner in stock market movements from the beginning of business today. The attitude of Japan was construed as indicating a possibility of friction and, at least, delay in reaching a definite plan, and many of those who had joined the ranks of urgent and confident buyers retreated from their positions on the buying side for the time, leaving the leading stocks without the purchasing power which had been so effective in sustaining prices.

The steel industrials showed fractional losses as a result of this altered trading condition, and declines were also sustained in many other stocks, including the petroleum issues and many of the miscellaneous industrials. There were special movements, however, which caused advances that went a long way toward offsetting these declines.

Announcement of the sale of Lehigh and Wilkes-Barre Coal by Jersey Central was responded to with a further advance of 10 points in Jersey Central to 205, and the statement that a payment of $25,000,000 will be made by the United States Shipping Board to the International Mercantile Marine as soon as pending negotiations are concluded was effective in causing an advance of 3 points in Marine preferred to 57, following no advance of 1 points in yesterday's trading.

Industrial Alcohol was naturally unsettled by the suspension of dividend payments and declined to 38¾. Strength was displayed in the copper group, Anaconda selling at 45, the highest since touched by that stock in a long period.

There was no material change in call money, which renewed at 4½ per cent. Demand sterling was also unchanged in the forenoon at 3.99½.

LEHIGH NAVIGATION CONTINUES DECLINE

Stock Opens at 67, Against a Close Yesterday of 71 3-4. Remainder of List Quiet

The sharp drop in the shares of the Lehigh Navigation Company, which set in during the last hour's trading yesterday, the stock making a net decline for the day of 2¾ points on announcement that a syndicate had secured the Lehigh and Wilkes-Barre Coal Company stock, was given further impetus this morning, when quite heavy sales of the stock were made in the opening market. The selling was doubtless a reflection of the disappointment of holders who had purchased the shares in anticipation of the company's being the successful bidder for the Lehigh and Wilkes-Barre Coal property and which went to the syndicate yesterday.

The opening sales of the stock were at 67, against a close last night of 71¾, a drop of 4¾ points. There was a recovery to 69¾, but the stock again fell to the lower figure. Transactions were in small two-hundred-share lots and only a few hundred-share lots came out in the first hour. There were two lots of 500 shares each at the lower price. At 67, the stock is 8¾ points under the high figure reached early this week.

The list generally showed an inclination to sag, most of the leaders during the early session being fractionally lower. Both issues of Philadelphia Electric were off. Tonopah Belmont sacrificed a part of its recent gain, as did also Lake Superior. Asphalt preferred was up and United Gas Improvement added ¾, at 36¾. Pennsylvania Railroad was ¾ higher at 39¾.

Bonds held about steady in a dull opening market.

Grain Dealers Alter Trading Rules

Chicago, Nov. 18.—Radical changes in the rules of grain exchanges to conform with the Capper-Tincher bill are being prepared, it was announced today following a meeting of representatives of leading exchanges of the country here before Chester C. Morse, Assistant Secretary of Agriculture. The meeting was held to obtain the views of grain organizations as to what changes in rules they would be willing to make to avoid the infringement of the Act. Secretary Morse, in a statement on the meeting, said the department's investigation to determine whether exchanges shall be designated under the act proceeds. The exchanges expressed their intention of complying with every provision of the act regulating trading in futures. Exchanges of Chicago, Duluth, Minneapolis, Toledo, Milwaukee, St. Louis and Kansas City were represented.
