

TONS OF TURKEYS CONDEMNED HERE
 Quantities of Other Thanksgiving Fowl Are Also Spoiled by Warm Weather
MORE SEIZURES EXPECTED

More than three tons of turkey, ducks, chickens and rabbits shipped here for Thanksgiving have been spoiled by the warm weather and have been condemned by the city meat and cattle inspectors.

Dr. Edward E. Behrens, chief of inspectors, said today he expects to seize at least eight tons by Thanksgiving.

Fifty inspectors are scouring the town. Sounds are stationed at railroad stations, wholesale markets and that comes in. The consignments come from Delaware, Maryland, Virginia and the West. Most of the turkeys are from Virginia.

"People purchasing Thanksgiving fowl should be very careful," said Dr. Behrens.

"Some dealers have refused to handle turkeys, while many more are frantically searching the market for birds that are not spoiled."

Dr. Behrens said that quite a number of ducks and geese have been spoiled at Thanksgiving.

AVOID THE MENACE OF SORE THROAT
 YOU cannot help inhaling the infectious germs which cause sore throat, and the soft linings of the throat are a good soil for them to thrive in, but wherever you are, at the first sign of soreness, you can take one of the convenient, pleasant tasting yet powerfully antiseptic Formamint Tablets.

Dissolve one in the mouth slowly, now and then, where it releases an efficient antiseptic which mixes with the saliva and continuously bathes all the membranes of the throat, checking germ life and possibly preventing throat infection, laryngitis, tonsillitis, "flu." Relieves hoarseness. Helpful for singers, actors, speakers, smokers, lecturers, etc. Children like them. 50¢ at all druggists.
