# Ready Tomorrow for the First of the "Christmas Saturdays"

**To Love Manhood and Womanhood Is Better Than Loving**

and spending time and money on dogs and horses, much as we may care for them.

Walking down the street a few days ago in a southern city, a fine-looking old lady was seen watching a big cat, which she was leading by a string on the top of a garden wall. She said it was an old pet which she had kept for five years.

It is not unlikely that three meals a day for the cat, and the time and concern in caring for her, would count up as much as the cost of taking care of a poor motherless child—with no lack of affection for a good cat.

To be awakened in the morning by the patter of little feet coming to your bedside would bring a blessing on the whole day.

**Such Beautiful Silks Are Coming for Christmas!**

Silks of every color of the rainbow and of many more colors than were ever thought of. And the softness and suppleness of the texture is something to be marveled at!

We have the Christmas boxes all ready and they are quickly being filled and sent out to delight the hearts of the women who are fortunate enough to receive them.

Notwithstanding the fact that raw silk has taken a flight upward in price, all our silks are marked at the lower ratings.

Just in are some very pretty new printed taffetas, in the softest finish. They are particularly nice for kimono's, linings and making all sorts of gifts. \$2.50 a yard.

New glace taffetas for evening gowns are particularly welcome gift silks. In a number of lovely tints, 36 inches wide, at \$2.25 and \$3 a yard and 40 inches wide at \$3.50 a yard.

The only difference being the placing of the buttons. Even the materials are the same used in a man's overcoat.

Even more like a man's overcoat are some very smart tweeds with raglan sleeve, patch pockets and also slightly diagonal pockets above. In a number of good shades at \$57.50.

(First Floor)

**There Is Good Choosing Among Winter Coatings**

But women would do well to make their selection now rather than later, for there are many demands made upon such fashionable weaves as the following:

Bolivias, a special quality at \$6 a yard and others up to \$12 a yard. Montagnes at \$10 a yard.

Duveltyns, silk-and-wool, used particularly for wraps, \$12 a yard. Cashmere velour, \$6 a yard. Plain velour, \$2 to \$4 a yard. Genuine camel-hair, single face, \$6.50, and double face, \$7.50 a yard.

Cheviots and mixtures, nice for children's coats, \$2.50 a yard.

**Moderate-Priced Millinery Drops Still Lower**

Many hats of moderate price have been considerably reduced, a number of them as much as one-half. They are velvets, felts and davytyns, in large and small shapes, for dress, tailored and sports wear.

They afford an excellent opportunity to choose a good-looking hat at very little cost.

Untrimmed millinery also offers many opportunities at less than earlier-season prices.

(Second Floor)

**Wanamaker Furs Stand the Test of Comparison**

It is a pleasant thing to have discriminating shoppers who have looked about pretty carefully come back and tell us that they want our furs because they "have seen no such skins anywhere else."

The enduring aim of this Fur Store is just that—to provide furs that will come out of any test of comparison with flying colors.

Our rank and file of fur coats and mantles, fur scarfs, neckpieces, stoles and collars is now filled up and complete. This applies to ermine, mink, moleskin, squirrel, Alaska seal.

**300 Remarkably Pretty Dresses for Women at \$25 Each**

There is such a varied collection that, outside of an evening gown, a woman can find among these attractive little frocks something for almost every occasion.

For example, here is the tailored coat dress of tricotine with its simple lines and excellent cut, the somewhat fancier tricotine and Poret twill with embroidery and beads that many women are choosing for afternoons. There are jersey cloth dresses and even the very fashionable Canton crepe dress among them—all are in the newest and prettiest styles.

As an explanation of the very little price, many of these dresses have been much more and a few are "specials." Sizes are from 34 up to 44.

(First Floor)

**Young Women's New Street and Afternoon Dresses Specially Priced at \$17.50 and \$35**

With a few exceptions these are all fresh, new dresses, just out of their wrappings.

They are in the latest fashions and materials. And there are some charming styles among them.

We purchased them at a saving, so that we can price them at savings to our customers.

**The Dresses at \$35**

are delightful afternoon gowns of much higher value. The materials are Canton crepe, charmeuse and Georgette crepe. There are only one or two of a kind. Many of them are in striking and original fashions, as a black crepe combined with vivid emerald crepe; a black charmeuse with underbodice effect of cloud-blue Georgette embroidered in silver; a gown of black Canton crepe and glossy black fur cloth touched up with crimson, and so on. There are more conservative effects also, but all beautiful and unusual at this price.

**The Dresses at \$17.50**

are nearly all navy blue or brown tricotine, in five admirable models. All of them are straight-line models, several in coat-dress effects. They are good quality, well made and variously ornamented—with silk braiding, appliques of ribbon or duvetyne, a touch of bright crepe, fancy belts, silk cord girdles and so on.

(Second Floor)

**"The Woods Are Full" of Men's Overcoats**

All of them said to be pretty good, some astonishingly so.

AND YET—it is indeed a fact that while there may be no difference in prices and no noticeable difference on the outside of the garments, some overcoats are much better than others.

Regarding the "not so good" sort of overcoats we have nothing to say, because with them we have nothing to do; but we could say a great deal about the better sort of overcoats, and, what is more to the purpose, we have a remarkably fine collection of these to show.

Now it lies entirely with the individual man whether he means to have a "not so good" overcoat or a genuinely good one.

These last kind are here at \$28 to \$100.

We know for certain that they are not excelled at their prices by any other ready-to-wear overcoats, no matter which, or where.

(Third Floor)

**Men's Good Fur Caps \$3.50 to \$5.50**

Small as the prices are, no man need hesitate to wear one of these caps. They are of shagreened coney dyed black and are worthy furs made in a good style.

(Main Floor)

**Fine Walking-Sticks for Men**

An uncommon assortment in maple, malacca, ash, pimento, snakewood, rosewood and many other woods. Chiefly with crook handles and some gold or silver trimmed.

Prices of the entire collection range from \$1.50 to \$50, but we should like to call special attention to the snakewood sticks. You can get one of these with a crook handle for \$5, instead of about double this price, as last year, and with silver or gold bands they are \$7.50 or \$12, respectively.  
(Main Floor)

**A Great Unlooked-for Opportunity for Every One Needing Bedroom Furniture**

The Furniture Store has got into the habit of doing unprecedented things.

In buying outright 10,000 pieces of low-priced and medium-priced bedroom furniture to sell at 25 per cent less than the latest market prices, it did something which probably no other store has ever done—certainly not at this time.

The purchase throws open to our customers the greatest collection of this particular class of furniture ever offered in Philadelphia at the same advantage in price.

The reason we bought this furniture to sell at one-fourth below the regular price was because we know so well its excellence at the regular price.

We know this from the thousands and thousands and thousands of pieces of it that we have sold at higher figures.
