FACES STORM IN CHAMBER

By the Associated Press

Havre, Dec. 2 .- Premier Briand returned to France today after five weeks' absence, in which he presented to the Washington Conference France's position on armament limitation. As he landed here he was greeted with deference, but without enthusiasm.

The entire French Cabinet, with the to date. exception of Minister of Justice Bonnevay, and the Acting Premier. Minister Barthou, met the Paris ten miles at sea on the tug Athlete. In a northwesterly wind which was blowing half a gale, threatening to send the tiny tug crashing against the plates of the buge Paris, M. Briand, "Sailor of Saint Nazaire," boarded the Ath-

The Premier and his Cabinet mem-bers then were transferred to the destroyer Admiral Senes, a former Ger-man craft, on which he held an in-formal reception. He chatted in turn with various Cabinet members, who informed him of developments since his departure.

M. Briand was informed that coineldent with his return, lists were being circulated in the Chamber of Deputies and the Senate purporting to give the composition of a Cabinet under former President Poincare, which the opposi-tion expects will succeed the Briand ministry should the latter fall as a re-sult of non-payment by Germany of its compositions of the barber of the reparations quota due January 15. Although M. Polneaire has refrained

from attacking the present cabinet, the former President delivered an address at Bordeaux last week which has been characterized as a "program speech." and M. Briand's adversaries are rally-ing behind him. The cabinet member-with whom the corre-pondent talked to-day, however, feel positive that Briand will wather the starts in the Harde will weather the storm in the of Deputies as easily as he choppy seas this morning in Havre Roads, and vill be accorded a vote of confidence by a large majority.
