"This Store Is First for Its Patrons and Afterward for Its Owners"

Almost Everything in the Store Has a Quality That Makes It, a Christmas Stock

serviceable for Christmas remembrances, and especially of serviceable qualities.

While we provided largely, it has been very

carefully done. We do not sell tawdry nor tinsel merchandise. We aim to have every article to

be such as will fulfill the customer's expectation for the money paid for it. In almost every case, prices are lower than

last year. We do not say everything, but wherever it is possible to have lower prices, the public may be sure that they are so adjusted. We are aiming at a lower basis of costs in all our purchases, that we may be able to make lower selling prices.

There are no urgencies here to any one to buy, except as they need; nor are there any baits or hodge-podge inducements to make people come in with a hope of selling them something when they come.

This Store is first for its patrons and afterward for its owners. By mutual co-operation it improves somewhere every day.
