Dear Mrs. Wilson—I would like to know how to make beef stew and also chicken stew, for my husband likes chicken stew, and I would like to know how to make pancakes. I have a barrel of potatoes and I don't know how to start with anything. I read your article every night, but I see no stews. Will you please give me a recipe for potato salad dressing—the white potato salad dressing that you buy in the store? I would like to know how to make chicken salad mixed with veal, and what kind of meat to buy. I would like to make cake and bread, if I could, and pudding, but Mrs. Wilson, I will buy the paper every night till I can cook right.

M. K. M.  
Here is a little housewife who is so very anxious to cook, and oh my! but she wants so very many recipes, that it will almost take all the space today to help her.

**Beef Stew**  
Purchase one and one-half pounds of beef from neck or top of sirloin. Wipe with a damp cloth and then cut in two-inch pieces. Place in saucepan over hot fire and add a shake pan until the meat is nicely browned. Now add three cups of water, six medium-sized onions, one carrot, cut in dice. Bring to a boil and cook slowly on simmering burner, until meat is tender, usually one and one-half hours. Thicken gravy by placing in a small bowl one-half cup of flour, two-thirds cup of water, one teaspoon salt, one-half teaspoon of pepper. Three tablespoons of grated onion. Beat with fork to free from lumps. Add to stew. Add one-half dozen small potatoes, which have been pared and cooked until nearly tender in boiling water before adding. Cook for ten minutes after adding potatoes and it is ready to serve.

**Chicken Stew**  
Single and wash a small stewing chicken and then cut into pieces. If you are not familiar with the cutting of chicken, it is best to have butcher do it for you. Then wash, place in a saucepan and sufficient boiling water to just barely cover the chicken—then add one-half cup finely sliced celery, using the coarse outside branches, one level tablespoon sugar, one carrot, medium size, diced. Bring to a boil, cook slowly until the chicken is tender and finish as for beef stew.

**Pancakes**  
Place in mixing bowl two cups sifted flour, one teaspoon salt, four level teaspoons baking powder, one level tablespoon sugar, two level tablespoons shortening, one and one-fourth cups of milk. Beat hard to free from lumps and bake on hot griddle. To test griddle on stove to heat until you can drop a teaspoon of water on the hot griddle and have it immediately boil up. You can commence to bake the pancakes then.

**Potato Salad Dressing**  
Place in mixing bowl four tablespoons evaporated milk, one teaspoon sugar, one-half teaspoon mustard, one teaspoon salt, one-fourth teaspoon paprika. Beat with fork, pour over hot boiling water, using one-half cup oil. When dressing is nice and smooth add two tablespoons vinegar, one teaspoon sugar. Beat hard to mix and use for potato salad.

**Chicken Salad**  
Have butcher leave the breast of

the veal with the stewed chicken. Let cool.  
Cut both the breast of chicken and veal in inch pieces and add equal amount of celery cut in pieces, same size. Season well, turn in nest made of crisp leaves of lettuce and serve with mayonnaise dressing.  
Cake, bread and pudding recipes will appear from time to time in this paper. However, I will give you a very easy cake to make.

**Butter Sponge Cake**  
Place in mixing bowl  
Yolks of three eggs,  
One cup sugar,  
Two tablespoons butter,  
Cream until light and fluffy, then add  
One-half cup cold water,  
One and three-fourths cups flour,  
Three level teaspoons baking powder.

Beat hard to blend, then cut and fold in the stiffly beaten whites of three eggs; turn in well-greased and floured baking pan, spreading mixture about one inch deep. Bake in moderate oven for thirty minutes. Remove from oven, let cool and then spread with water icing.
