Here's a Merry Gift List

Our first thought, in preparing these suggestions, was to go all over the Store and give you a list of favorite gift articles, with the range of prices for the different kinds or grades of each. But we found that things are selling so fast that this would not be practical. Sometimes it is the lowest-priced article of a certain class that sells out first, and sometimes the highest-priced. We learned also that to quote prices would require additional space or crowd out some of the suggestions. Even now the list is far from complete—but we believe it will be very helpful. Articles named herein will suggest others of similar kind that will be found when you come to the Store.

Read this page, make up your list of persons to be remembered, with names of gifts that might be suitable for each. That's a good beginning, but no list can be strictly followed. One needs the inspiration of a visit to the Store to choose with the wise discrimination that insures all-around joy and satisfaction.

We believe we cannot make a better suggestion than this: SHOP EARLY—early in the day and early in the week. It is our desire to serve you promptly and efficiently every day until Christmas Eve. Whether you come early or late, we shall do our utmost to make your shopping easy and pleasant. There will be crowds, but good-natured crowds.

Please remember that this page is intended only to help you make up your gift lists. Be sure to read our regular announcements in the MONDAY MORNING NEWSPAPERS, giving detailed information of Gifts and their Values.
