Likes Hawailan Girls Dear Cynthia — I lived in the Hawailan Islands for two years and I found that the girls in Honolulu are much better than the girls in the States. They aren't like there girls—tell a fellow or "gob" that it is getting late and he must go home. They show a "gob" a good time, and they don't pull your leg like the girls do over here. They take you out to the show and pay your way in, and they take you to their homes and make up a good Hawaiian dinner for you and everything. They do not care about how they spend their money on a fellow, and the reason 1 know this I was in Pearl Harbor for two years as a "gob," and when I can to the States I saw the difference with the girls, so I would rather have a Hawaian girl before I would a girl from the States.
