# Only Three Days More—But How Quickly This Store Can Help You!

**It Was an Old Homely Proverb of Your Mother**  
 "You never know what you can do till you try."  
 Little men and little women can brace up and surprise themselves and their friends by finding out what they can do when they "try real hard," as they sometimes say.  
 Often the athletes of both sexes who have won belts, cups and prizes in contests have said "we did not expect to win, but we had more strength and 'vim' than we knew."  
 Often the new courage and greater power comes to us when we give ourselves up to the task.  
 You often think you have done your best, but have found yourself able to do still better a little further on.  
 It is not what you pay for the Christmas present. The fact that you thought of it is everything.
