EVENING PUBLIC LEDGER-PHILADELPHIA, MONDAY, JANUARY 2, 1922

Like Old-Home Week in Dallas When Centre Eleven, With Four Texans, Play A and M Team

Famous Danville Back Plays Last College Football Named on First Doubles Game Against Texas Aggies and Ends Life

of Single Blessedness

By ROBERT W. MAXWELL

Sports Editor. Evening Public Ledge

ALVIN NUGENT MCMHLLIN, who made Centre College and himself famous on the football map, ended two careers here today. He played his last game of college football and ceased to be a single man. His valedietory was played in the game between Centre and Texas Agricultural College in new Stadium. His life of single blessedness ceased when he was married Miss Marie Miers at All Saints' Catholic Church. All of which combined to make January 2, 1922, an eventful day in the life of the young athlete.

Members of the team went to Fort Worth carly today to attend the mar riage. Immediately after the ceremonies the wedding party motored back to Dallas for the wedding breakfast, after which the squad was taken to the stadium

Lest there be some mistake, allow us to state that Alvin Nugent McMillin has been a deep secret since he gained prominence on the gridiron. "Bo' McMillin was better known and this was fortunate. Alvin Nugent doesn't ound like a bruising, rip-snorting name and would not sound very well if shouted from the stands by uncouth bleacherites.

It was a big day down here. January 2 marked the inauguration of intersectional football games and the natives were all het up about it. They have been howling for choice seats, and the biggest crowd that ever witnessed a football game in this section was in attendance. The new Stadium was packed, and while everybody expected to see Centre win, they wanted to be on hand to see how it was done.

In a way, the game was a sort of a home-coming affair. Four of the regulars on the Centre team are Texans, Jones and Newhall coming from Dallas. McMillin's home is in Fort Worth and Bill James also lives there. Weaver, All-American center in 1919, also hails from Forth Worth. These boys have not performed before the home folks and the Southern team proved to be an unusually good attraction.

In addition, Charley Moran, coach of the Coloneia, began his professional baseball career in Dallas as a catcher. Later he came here as coach of the Texas Aggies, his rivals of today. He was with A. and M. for six years and turned out very good teams. It was this home element that stimulated interest in today's game.

The Argies have had a great season, winning all of their important Hallgames, among them being a victory over the University of Arizona by the score of 17 to 13. Centre defeated Arizona last Monday in San Diego by the core of 38 to 0. The game was played in a driving rain, and the Colonels sperienced no difficulty in winning.

SOME of the experts down here figure that Centre would not be so good after the long railroad trip, but it must be remembered that

the Colonels are great travelers.

Centre Had Greatest Season

NENTRE COLLEGE has had the greatest football season in the history of the little college. Up to today-this should be considered the 1921 season-Charley Moran's team has won all of its games and only two opposing teams were able to score. Early in the season Clemson and St. Xavier's registered touchdowns, but that ended the allen tallies.

The biggest game was with Harvard, and this was won by the score of 6 to 0. In that game the Crimson was surprised, out-generaled and out-Instead of meeting a meek, mediocre eleven. Centre traveled to played. Cambridge with a wonderfully coached aggregation, which was far stronger than the 1920 team, which was defeated by a large score. Moran had perfected his defense, his players were taught how to interfere and Harvard could do nothing.

McMillin ran 31 yards for a touchdown in the third period, and this proved to be the winning score.

But this was not the only tough game on the schedule. The Colonels traveled to Birmingham, Ala., two weeks later and defeated Auburn, 21 to 0. This was one of the best elevens in the South and proved that Centre had the class. Then Washington and Lee and Tulane were defeated, and Arizona was vanquished in a post-season game.

Centre first gained prominence in 1919 when West Virginia was defeated in Charleston, W. Va. The Mountaineers had won from Princeton and were the heavy favorites. However, McMillin and Red Weaver played wonderful football, and mainly through their efforts the game was won

The next year the Colonels were invited to play Harvard. This was expected to be a hard game and every seat in the Stadium at Cambridge was taken. However, Centre was weak on the defense and lost out by a big score. It scored twice during the game, on a line plunge by Roberts after McMillin had carried the ball to the goal line and on a forward pass.

CENTRE always plays a clean, hard game: the players know how

Golfer Who Takes Chances where has a line in the rease interest among the boys. All findings were based upon per-formances in sanctioned tournaments, as called for at the annual meeting of the association. The committee be named in that a sub-committee be named in that a sub-committee be named another for juniors and solutions. to take defeat. and for that reason the team is popular.

California Favored by Centre

DOWN here they expect to see California run up a large score on Washington and Jefferson in Pasadena this afternoon. The Centre players were told that Andy Smith's team is the best ever seen on the Const and could beat any Eastern team that was sent out. California has a great running attack, it can plunge through the line, and the forward-passing game has reached a high degree of perfection. It also is good on the defense. All of which leads one to believe that California has a well-balanced eleven.

Washington and Jefferson went through the season without a defeat, and also won from the strong University of Detroit tenm in a post-senson contest. Greasy Neale's team had several narrow escapes, however, winning from Syracuse in the last minute when a touchdown was scored and beating Lehigh. 14 to 7. Pittsburgh was defeated by one touchdown.

Neale has an open attack which is said to be very good. In one game he worked nine forward passes in succession and any team that can do a stunt like that MUST be good. Against Detroit he changed his style of play and resorted to a line-plunging game, which also was successful.

It is possible that Washington and Jefferson will give California a stiff argument because the team arrived in Pasadena only a couple of days before game and did not have a chance to suffer from the change in climate Neale traveled by easy stages. Two days were spent in Kansas City and another in the Grand Canyon. They are doing the same as the track tenus Chicago Athletic Association.

Last summer the team was sent out there and arrived the day before the meet. The athletes did great work and defeated men who had won from them in the Middle West. This was because they were not there long enough to become acclimated.

 $T_{the 1921}^{ODAY'S}$ games have a double significance. They will need on the 1922 season and open the 1922 campaign.
