

SEEK NEW MISSION FIELDS IN LIBERIA

Two Pennsylvania Clergymen Will Plunge Into Wilds of Black Republic

LITTLE KNOWN OF LAND

A missionary inspection of the Republic of Liberia in Africa will be made by two Episcopal clergymen of the Diocese of Pennsylvania who will leave Philadelphia next week. They are the Rev. Francis B. Barnett, rector of St. David's Episcopal Church, Manayunk, who served as chaplain of Base Hospital, No. 15, in the A. E. F., and the Rev. Thomas R. Hazard, assistant at the County Center Mission in Bucks County.

The clergymen are counting upon finding conditions such as will justify Mr. Barnett in leading out a group of people for missionary work in the "back lands," early in 1923, with the approval of Bishop Rhineland.

As far as is known only two white men have ever come into that part of Liberia. Mr. Barnett said, "One was Captain Wallis, of the English Army, in 1848. The other was the Rev. Mr. Mansour, one of our missionaries, in 1919. Both these trips were brief in time, limited in area covered and without a definite object. Those journeys, too, suffered somewhat from lack of equipment to make records as to climatic conditions. Thanks to the generosity of an interested friend, this trip of inspection can be made with the most adequate and complete equipment. One hopes, to obtain satisfactory results.

"We will leave New York on the Baltic, January 14, arriving in Liverpool January 23. Leaving Liverpool January 25, we expect to arrive at Freetown, Sierra Leone, about February 6. From that time on dates cannot be counted on, but we hope to spend about a month in the northwestern area of Liberia, and then working five days down through Liberia, some fifteen days' journey to the coast, taking the first available steamer for England or Spain, and then home again."

FUND MULTIPLIES 4 TIMES

Scholarship Money Set Aside for Girard College Graduates

A fund of \$76,667 has been set aside by the Board of City Trusts as a separate scholarship fund to enable graduates of Girard College to continue their education.

The money represents a bequest of \$18,554 left by Lawrence Todd in 1850. The fund was used in 1880 for the erection of a building. The sum is equivalent to the computed interest and principal of the original gift when it was used. The board desires the college to reimburse only Stephen Girard's bequest.

Lawrence Todd, a native of Denmark, like Stephen Girard, was a mariner. He left all his property to Girard College.

FIGHT ON OPEN-SHOP ISSUE

Sympathetic Strike in Chicago Affects Big Building Operations

Chicago, Jan. 4.—(By A. P.)—A fight on the open-shop issue in the building trades of Chicago was in prospect today when members of five unions went on a sympathetic strike with the union carpenters who have refused to work under the Landis wage award.

Four large jobs, involving a construction cost of \$4,500,000, were affected by the strike order issued by the business agents of the cement finishers, painters, plumbers, steamfitters and heating engineers. Members of those unions were instructed to remain away from work unless nonunion carpenters were discharged.

After-Dinner Tricks

No. 50—Coin Balanced on Finger

A neat feat of jugglery which looks quite difficult is to lay a calling card flat on the tip of the left forefinger and set a penny on the card. Then by a quick snap of the right forefinger the card is sent flying, leaving the coin on the tip of the forefinger. There is no trick to the feat, simply a little practice, as it is not nearly so hard as it looks.

The exhibition will be open to the public daily until January 17.

Hurt in Hockey Game

While playing ice hockey on the Balmoral dam, near Gulph Mills yesterday, George Diebold, of Spring Mill, was seriously injured. He was skating down the ice with the disk and about to shoot a goal when his skate struck a hole in the ice, and he fell heavily, striking his head. A physician took several stitches in a deep gash.

A remarkably low price!

Follow Coronado

FOUR hundred years ago; that spirited adventurer, Coronado, set out to find in the vast, unknown Southwest the "Seven Cities of Cibola."

Today, those golden cities of ancient legend actually exist—their marvels yours to discover on the way to California.

Enchanting New Orleans—historic Houston—the inspiration of the Alamo in San Antonio—El Paso with its colorful scenes—Los Angeles—Santa Barbara and the California beaches bathed in sunshine and San Francisco—here is a modern adventure in discovery more beautiful and interesting than bold Coronado's most vivid dreams.
