JUST GOSSIF ABOUT PEOPLE

Nancy Wynne Says There Is a Let-Down in Entertaining This Week-She Sees a Handsome Gown and Hat-Other Bits of Interest

Would you believe it, after two sagement to Mr. Walter Crocker Pew was recently announced.

parties, luncheons, balls, there's ac-tually nothing planned for tonight but the performance, and there was nothing last night. pera, and the opera supper dance after

nehow I had gotten into the habit of going to balls ever since the Heckof going to bails ever since the Heck-schers, at the Bellevue, on the night of the 26th of December, to say nothing of the dances the week before Christmas, and last night it just was too queer to sit quietly at home and only talk to a few hundred other women on the telephone who were doing the same thing. I did see some wonderful clothes thing. I did see some wondertal clothes recently, and they're always nice to tell about. Have you seen that exquisite own that Mrs. W. Reynolds Wilson gown that Mrs. W. Reynolds Wilson has this season? It is of gray velvet

made on long straight lines and she has a hat also of velvet trimmed with an ostrich feather of the same shade. I saw her at Mrs. Harold Yarnall's party

THEY had the first dress rehearsal "The Marriage Tax" last week, and it's really going to be dandy. The costumes are as pretty as can be, and the dancing is fine, too. Nelson Eddy is to sing in it, and if you have ever heard Nelson Eddy sing you will want uary 24. to go for that alone, for that young man has a most gorgeous voice, let me tell you. I have only heard him once,

want to hear him again and but me I often. Jack Whiting, of "Why Not" fame, is teaching the dancing, and altogether it's going to be great.

THE Norman MacLeods have moved into towa and opened their house at 2009 Walnut street, for the winter. They have been spending several months with Mrs. MacLeod's father, Mr. John Wanamaker, out at Lindenhurst in Jenkintown. The Barclay Warburtons have closed their house out there, too. club. They live at Rosemary just across Township line from Lindenburst, you know, and have moved into town for the rest of the season. Mrs. MacLeod and Mrs. Warburton are sisters. Brownie Warburton, who is Mrs. Warburton's daughter, will leave tomorrow with Marie Louise and Gurnee Munn, and will spend a couple of months at Palm Beach with them. You know Marie Louise Munn was a Wanamaker, and is a first cousin of Brownie. They came out same year, and a great many peo-ple think they look very much alike. Marie Louise is a little bit fairer than Brownie, I think, but there is the same general coloring and they hold themselves very much the same way, though Marie Louise is a bit taller.

THE Charlie Munns have gone back L to Europe. Charlie Munn is a street, is visiting her parents, Mr. and brother of Gurnee, and he and his wife, nucleon the street, is visiting her parents, Mr. and Mrs. J. Randolph Anderson, of Savannah, Ga. who was Mary Paul, have been living abroad for some months. They came back in November or December for a few weeks and stayed with Mrs. Munn's sister, Mrs. Paul Denckla Mills, but sister, Mrs. Paul Denckla Mills, but returned to Europe about three weeks sgo. Their children are with them, of course, and I understand they will spend some time over there. The schools abroad are awfully good, you know, and a great many persons like to have their children educated there. SPEAKING of Mrs. Warburton, did J I tell you she entertained on Fri-day afternoon at tea at the Emergency Aid for the Junior Committee or the Aredemy of Music Cornoration. The tea

Vocational Guidance Series : By J. P. MeEVOY

A wondered why somebody hasn't invented a few accessories. There are so many things which every motorist needs tell you how to invent some of these besides enough to take up the last note things, but I see I haven't. As a mat-ter of fact. I have the time, but I besides enough to take up the last note which was due two months ago. Of course the reason there are so few auto-

mobile accesories on the market is be-cause I haven't yet given this course on how to invent accessories.

A lot of people have gone ahead and invented accessories and made money ut of it, but that isn't the point. Money isn't everything-at least not out quite everything. There are several things which money can't buy, although I can't recall just now what they are. And yet how easy it would be to have more automobile accessory inventors, be-cause how many more accessories there
