“Cutting ahead” caused this accident

BOTH drivers thought they had plenty of time to cut across ahead. Both “stepped on it” at the same moment and crash—the cars met squarely.

But this accident could have been avoided if either driver had slowed up a bit.

Isn't it better to lose a second's time than to risk serious injury, heavy damage, possibly great financial loss?

Yet, why do they “step on it”—and try to beat the other fellow to the lead?

No driver can tell what the “other fellow” may do. No driver can avoid the accident after the fatal second has passed.

And few drivers can stand the far-reaching consequences of an accident.

Protect yourself against the “other fellow's” folly by insuring your car the Liberty Mutual way.

Ten thousand automobile policyholders—all believers in “safety first” will testify that the Liberty Mutual way is the surest, safest, cheapest way to get protection.

Liberty Mutual Claim service is so prompt and fair that 199 out of every 200 cases are settled without contest.

Furthermore, ever since organization the Liberty Mutual has paid back to its automobile policyholders, cash refunds of 30% of the insurance cost.

Liberty Mutual policies can be bought in only one way—direct from the Company. Phone or write our office today for full details and copy of our booklet—“The Traffic Cop.”

Don't Pass another driver with a burst of speed and then “pocket” him. It's a dangerous practice.

Read—And Heed—the signs on the road. They're put there to save trouble for automobile drivers.

Watch Out for the pedestrian who thinks the crossing officer is merely a blue-and-gold ornament.
