

### CALL CONFERENCE OF G. O. P. SENATORS

Agreement on Allied Debt-Refunding Bill Purpose of Meeting Tomorrow

#### "GET-TOGETHER" AFFAIR

By the Associated Press  
 Washington, Jan. 17.—Republican Senators will hold their first conference of this session of Congress tomorrow with the announced purpose of reaching an agreement on the allied debt refunding bill. Strong Democratic opposition to the bill in the form in which it was reported to the Senate yesterday led to the call by Senator Curtis, assistant Republican leader.

Some leaders stated privately that the conference was to serve also as a general get-together affair. Coming as it does, in the wake of a series of conferences which Republican Senators have had with President Harding, insiders attached additional significance to the meeting.

It is known that four or five Republican Senators are not wholly in accord with the majority leaders to a party policy regarding the refunding bill, and it was thought possible discussion of that question might take a broader course than just a general review of the meaning and purpose of the pending legislation.

With the measure drawn in a form believed to be acceptable to the Administration, Senate majority leaders are determined to push it through the Senate with a view to speeding up the refunding negotiations, holding the view that a settlement of the foreign debt question will go a long way toward improving economic conditions in Europe.

Under the bill as now before the Senate, the refunding commission of five members would have very broad powers in conducting negotiations with the labor nations. It would have authority to defer interest payments and also to fix the rate of interest. Democratic Senators, under the leadership of Senator Simmons, ranking minority member of the Finance Committee, object to grant of such powers.

On behalf of the Administration, it was stated early today that the bill as reported to the Senate Finance Committee was satisfactory to President Harding.

#### PLANS W. VA. MINE PROBE

Washington, Jan. 17.—(By A. P.)—Governor Mearns of West Virginia, advised Secretary of Labor Davis today that he had arranged for an immediate investigation of conditions in the New River coal field concerning which a delegation of miners' families protested to President Harding yesterday.

Eviction of families from company houses was said by the miners to be imminent.
