

Moving Picture of Impecunious Young Man Taking Girl Home : By J. P. McEVOY

PILOTS girl out of theatre and steers her past waiting taxicabs. Hurries her by lighted shop windows. Rushes her by expensive cafe. Girl suggests bite to eat. Young man counters with suggestion of hot chocolate. Steers girl into drug store. Asks her what she'll have, but holds her thought of chocolate over her. Finds on paying bill he has only a dollar left. Girl suggests taxi as it is getting late. Young man expatiates on beauties of ride. So late now car will make just as good time. Always afraid of taxis—they drive so fast. Cetera. GIRL gives him curious glances. Young man afraid he will be considered cheap. Halts taxi. Settles back in seat and gives eye meters. Rises up 25 cents and 20 cents extra passenger. Begins systematic search in all seats for more money. Finds fifty-five cents. Searches feverishly. That's all, thought star at meter. He has leaped magically to 80 cents. Ring—90 cents. GIRL keeps up gay chatter. How can she be so happy while he is suffering like this? "How much farther is it?" "Just a little way." "15." Desperately raps on glass. Suggests walking rest of way. Beautiful night—air will do us good. Girl regards him with strange light for eyes. Man continues to babble, keeping fixed eye on meter. "15." How is he going to get home if this gets up?

Four Out of Five Wait Too Long—

Are your gums tender—do they ever bleed when you brush your teeth? If so—see your dentist at once and start using Forhan's For the Gums. You have the first symptoms of Pyorrhea. Incredible as it seems, four people out of every five past the age of forty, and thousands younger, have Pyorrhea. If neglected Pyorrhea soon runs its deadly course. It loosens teeth until they drop out or must be pulled, and it causes those deadly pus pockets to which scientists now attribute so much serious illness. If you use Forhan's For the Gums consistently, and use it in time, you can prevent Pyorrhea or arrest its course. Brush your teeth with Forhan's twice each day. It will keep your teeth and gums in a clean healthy condition. Don't delay longer. Four out of five fall victims to Pyorrhea because they waited too long. 35c and 60c tubes, at your druggist's.
