Does a woman love her husband less when children come?

WHICH comes first, a woman's love for her husband or her love for her babies? Which do you think should have the preference? Can a man become jealous of his own children? What would you do if your husband treated you as Duncan McKail treated Chaddie?

One of the most stupendous of all marriage problems is handled in a fascinating manner in "The Prairie Child," by Arthur Stringer, (author of "The Prairie Mother") be-

ginning in Pictorial Review for February. "The Prairie Mother" created a sensation last year in Pictorial Review and when it was running we received hundreds of letters from our readers saying they didn't believe that any man could have such an insight into the soul of a woman. They will say the same thing about "The Prairie Child." It is almost unbelievable that a man could have written it. Don't miss it for anything.
