VARE TRIES DIRECT APPEAL TO WOMEN

Calls on Mrs. Warburton at Her Office in Attempt to Placate

BEIDLEMAN BACKERS COCKY

The demand of women voters for recprimaries was discussed this afternoon by Mrs. Barclay II. Warburton, vice

chairman of the Republican State Com-mittee, and Senator Vare.

The Senator ca led on Mrs. Warbur-ton at the State Committee headquarters, 506 South Broad street. He arrived at 2:30 o'c'ock, was warmly greeted and was ushered at once into Mrs. Warburton's private office. There they were joined by Mrs. Thomas Ros-ins, assistant secretary of the State Committee.

Senator Vare has been quite successful, it is pointed out, in diplomatically winning the group of women 'el by Mrs. A. R. Harmon, president of the Women's Republican Club, which has to headquarters in the rooms of the Vare City Committee. State leaders apparently are hopeful that Senative Vare's political and social genius will avail in soothing the restless spirit of that "It would not be wise to impre-the women." Senator Vare concedes that the women have not been "treate-

Mrs. Warburton has written letters to the State leaders outlining the posthis best to quiet things by naively and suavely assuring Mrs. Warburton that the days of slatemaking in back rooms are all over. Vares feel that they are in a letter position to make demands if they have a candidate in the fild whom they can withdraw. That candidacy is used as a menace and of course the implication is that it will cost the Be'd'eman leaders dearly in the way of recognition to have the Vare booms deflated."

Meanwhile, the Vare organization is all torn up over the rival candidacies for Governor. Beidleman leaders declare that they could, if they desired to make trouble, call on certain Philadelphia ward leaders to declare publicly for leman. They insist, however, that the 'Philade'phia organization, one of the best in the country, is too good to be wrecked.' Therefore, they say, they will leave it to the good judgment of Senator Vare, and in any event, they say, the country districts, together with substantial support in the big cities, will easily put Beidleman over.
