## DAVIS SAYS

Hardware Association Told That Unsympathetic Law Officers Face Elimination

### SEES COURTS GROW STRICT

Legitimate business will not be made to suffer, but bootleggers will be chased out of the State, according to the Rev. John T. Davis, Prohibition Director for Pennsylvania.

Director Davis outlined his policy at the thirty-sixth annual dinner of the Hardware Merchants' and Manufacturers' Association, at the Bellevue-Stratford.

"No legitimate business will suffer; no legitimate physician has anything to fear; no legitimate physician has cause to be alarmed, but I say that he who is willing to prey upon the innocent has no right to be so long as I am Prohibition Director in this State," said Mr. Davis.

Seated at the left of the Prohibition Director was Governor Sprout, Turning to the State's Chief Executive, the Director said: "I have never had the privilege of being a Governor of a State, but I feel tonight that I have the biggest job anybody to hold in this State."

"The task of law enforcement is great because the State is great. There are 15,000 permits that have to be examined, and looked after and cared for. Sometimes this great cause is misrepresented on our highways and in our streets by individuals who have perverted themselves to believe the law cannot be enforced because they have liquor withdrawn in Pennsylvania liquor withdrawal more than 20 per cent within the last three months.

"I believe that we need more strict laws passed by the State Legislature for law enforcement. There is a continuous weeding out of those who are not in sympathy with law enforcement. No officer who is not in sympathy with law enforcement can hope to belong in the prohibition work in this Commonwealth.

"I'm glad, too, that the Judges are in sympathy with law enforcement and if you read the papers you will find that the Judges are giving those who deserve it that which they ought to receive."

"When I say that he who is willing to prey upon the innocent has cause to fear, I say it because I know that from the President down to Mr. Mellon, Mr. Blair, Mr. Haynes and the Governor of our State, that is their wish, and that wish will be carried out.

"Go home with that moral responsibility impressed upon your mind and heart. Tell those who are not here that this Government, this State, stands for law enforcement, and so long as that responsibility is practiced, by such men as are here, the law will be enforced and the Nation and the State will be successful."

The Director was presented with a souvenir, an automatic revolver for use in protecting him from bootleggers by the hosts. Governor Sprout was presented with a lawn mower, to which he replied: "I hope to give more attention to my domestic management about a year, and I'll have use for this gift."

"Uncle Charlie" Biddle, the only living founder of the organization giving the banquet, was presented with a bouquet of seventy-eight roses, one for each of his years. Today is his birthday.

Other speakers were the Rev. J. E. Cropper, pastor of the Arch Street Methodist Episcopal Church, and Judge Harold B. Wells, of Bordentown. N. J. E. C. Griswold, the retiring president, introduced the new president, W. B. Moore, who presided.

Governor Sprout said the most important thing, in his opinion, to get the country back to normalcy is to adopt means to get transportation and fuel back to normal basis. The two real things to be done are to get the railroads in such shape that they can reduce freight rates and survive, and get the cost of mining coal in shape to be business and compete with the rest of the world.

### DR. STEELE CONDUCTS WEDDING AT A DANCE

St. Luke and the Epiphany's Young Folk Congratulate "Harvey" the Assistant Sexton

The Rev. Dr. David M. Steele sprang a real "collud" wedding as a surprise upon 450 young people who attended a dance last evening in the Parish House of the Protestant Episcopal Church of St. Luke and the Epiphany, Thirtieth and Spruce streets.

Dr. Steele always has a "surprise" for the young people, but an honest goodness wedding, in which Harvey West, assistant sexton and farmhand extraordinary of St. Luke and the Epiphany's Fresh-Air Farm, was the bridegroom and made a tremendous hit. The young people assembled to report on their campaign to raise \$2500 for the farm at 9 o'clock, and dancing was in full swing at 9 o'clock.

Suddenly the orchestra began playing the wedding march from "Lohengrin." Simultaneously Dr. Steele appeared at one end of the hall, in vestments, and Harvey and his bride-to-be at the other. Miss Catherine M. Loresy was the bride.

Everybody in the parish knows "Harvey" and his unexpected appearance in the role of bridegroom aroused the enthusiasm of the young people. After the service was read they showered the bride and bridegroom with congratulations.

### MACHINE TESTS REMEDIES

Apparatus Invented That Keeps Organ Alive After Animal's Death

Dr. Paul S. Pittenger, an authority on pharmacy, spoke last night in Philadelphia College of Pharmacy and Science and described an apparatus which he has designed to replace the body of a living animal in experimentation.

By the use of that apparatus, he explained, it is possible to chloroform an animal, remove an organ from the body, place it in the apparatus and keep it alive several days after the animal itself dies. The machine is used for testing remedies.

Dr. Pittenger said that a marked difference existed in the strength of drugs which have not been standardized by chemical or biological means. He declared that in many cases life or death might depend upon the potency of the drug administered and that, therefore, tests were necessary.

# U. S. AGENTS COMB COUNTRY FOR DRUGS STOLEN HERE

\$100,000 in Narcotics Taken January 5—\$1500 Reward Offered

Morphine and cocaine worth \$100,000 were stolen here from a New York drug firm January 5, it became known yesterday when the firm offered \$1000 reward for recovery of the drugs and \$500 reward of the arrest and conviction of the thieves.

Agents are watching for the appearance of the drugs in the underworld in every State of the country. They were purchased by the drug firm from the Government December 9. The release papers were signed January 5. A truck was sent for them.

It was found the truck could carry only ten of the thirty-two packing cases. Accordingly Barney Euro, 5901 Anderson street, an expressman, was engaged to haul the remaining twenty-two packages to New York.

According to Euro, he was away from home that evening and in his absence two men called and informed his wife that they had been sent for the drugs. She allowed them to haul the cases away.
