**LARGEST OLD BOOK STORE IN AMERICA**

"I want to be sure to go to Leary's" said a visitor to Philadelphia the other day. "There are some records I want to complete for our Historical Society, and I've been told I will be more likely to find the old reference books I need at Leary's than anywhere else." Old and recent, there are mighty few books that miss the experience of resting awhile at Leary's on their travels through the world. But they seldom have a chance to rest long—somebody's always looking for "just that very book!"

Remember, you don't have to buy anything to be welcome here—you're welcome to come in and visit among the books.

**She could eat anything**  
—without indigestion or sleeplessness  
For a time she had been troubled with gas after her evening meal. The distress was most painful after eating potatoes or other starchy foods, of which she was very fond.  
Then she started taking two cakes of Fleischmann's Yeast every night between her evening meal and bedtime. She poured about a half cup of boiling hot water over the yeast cakes, stirred them thoroughly, added a little cold water and drank.  
She found she could eat anything and sleep splendidly afterward.  
Thousands of men and women are finding that Fleischmann's Yeast corrects stomach and intestinal troubles. It promotes the flow of bile and pancreatic juice. Appetite is always kept normal and you are protected against indigestion.  
Add 2 to 3 cakes of Fleischmann's Yeast to your daily diet. You will find that your whole digestive system is greatly benefited. Be sure it's Fleischmann's Yeast—the familiar tin-foil package with the yellow label. Place a standing order with your grocer for Fleischmann's Yeast.

**BRIDGE PLAZA COST SHOWN IN CAMDEN**

**Controller Says Broadway Plan Would Cost \$8,000,000 More Than Northern Approach**

**MASS-MEETING IS CALLED**

According to figures compiled by Sydney P. McLeod, City Controller of Camden, it would cost virtually \$8,000,000 less to condemn the properties within the blocks bounded by Penn. Market, Sixth and Seventh streets as a plaza for a bridge approach than it would to widen Broadway from Federal street to Kaighn avenue. The figures have been sent to Joseph H. Forsyth, chairman of the City Planning Commission.  
The Controller's figures were to have been made last night at a mass-meeting in the Broadway Theatre, Camden, but the meeting was called off because the theatre was too cold, due to a breakdown of the heating plant. It was announced that another meeting would be called at an early date.  
The report shows that the property for the proposed northern plaza could be condemned for \$2,000,000, while the cost of acquiring enough property on the east side of Broadway to widen the street twenty feet would be between \$7,000,000 and \$10,000,000. The cost of the property to be condemned in the original plan presented by the City Planning Commission for the widening of Seventh street, from Penn. Market street, Hudson avenue to the City Hall and Sixth street as far south as Benson street has been estimated at \$750,000. That estimate, it was stated, does not include the cost of the property in the path of the proposed amendment to the plan for the widening of Sixth street from Penn. Market to Arch street.  
Another stop toward the building of the Delaware River Bridge on the Camden side of the river was taken yesterday when Sheriff Hatch and Under-Sheriff Hower, seated at a public hearing and condemnation proceedings on the Mungler & Bennett Lumber Company, Hald Lumber Company, the Stockham estate and others. The notice on the writs instructs property owners to file within twenty days an answer setting forth the nature of their claims. The notice also advises that the lands in question have been acquired by the Delaware River Joint Bridge Commission.

**CRAZED MAN SHOOT 14**

**Kills Three Persons, Wounds Ten and Ends Own Life in Swiss Town**  
Geneva, Feb. 8.—An automatic pistol in each hand, Battista Pestalacci, suddenly grazed, terrorized the picture-shows, shooting pedestrians on sight. Eight of his shots took effect and one of his victims later died. He then entered a restaurant, where he shot and wounded two women, but lost one of his automatics.  
Fooling an attempt to capture him in the eating house, he climbed the pursuit of a posse armed with rifles for several hours, while the townspeople remained barricaded in their homes until he was found dead, victim of one of his remaining bullets.

**JUDGE DEFIES COURT**

**Garman Threatens Legal Action to Prevent Appointment of Trustees**  
Wilkes-Barre, Pa., Feb. 8.—Judge John M. Garman threatens to take legal action to prevent the appointment of Dr. Charles H. Miner, Dr. W. A. Lathrop, V. C. Washburn, A. C. Campbell and Mrs. Gertrude Williams as a Board of Trustees for the proposed new county tuberculosis hospital. Judge Garman alleges the board was illegally named by H. A. Fuller, President of the county, and declares he will demand a meeting of the court on the matter and that such a meeting was not held. Of the court order of appointment he says, "I do not know of it and the paper is 'null and void' because they were appointed by the court on the spot."  
Judge Fuller says he directed a letter to each judge asking their approval or rejection of the names he suggested. All answered but Judge Garman, and after a week's delay Judge Fuller made the announcement of the appointments.

**Woman Loses \$35,000 Alienation Case Against Prison Reformer**  
Concord, N. H., Feb. 7.—A verdict in favor of Thomas M. Osborne, prison reformer, was returned when Mrs. Julia Millane Duffy brought suit for \$35,000 for alienation of the affections of her former husband, William J. Duffy, was returned by a jury here last night.  
Mrs. Duffy charged that it was through Osborne's influence that Duffy sought and obtained an annulment of his marriage to her on the grounds of insanity in the marriage license. Duffy, who subsequently married Helen Healey, was a member of the guard at the Portsmouth Naval Prison when Osborne was commandant there.

**Demand for Proclamation of Republic Seems Dying Down**  
London, Feb. 8.—Despatches from South Africa yesterday report the apparent calming down of the mine strike situation. It is so far as it has resulted in demands for the proclamation of a republic. A Johannesburg message says another mass-meeting held there Monday developed a reversal of feeling against the result passed by Sunday's meeting favoring a republic.  
Meanwhile, however, a conference held between Government and miners' representatives at Pretoria to talk over a possible settlement of the mine strike, failed of any definite accomplishment.
