# The Only Thing That Could

## Partisanship Is of But Little Good Unless Governed

pure motives and genuine consideration for the benefit of the public.  
If politics be simply for selfish interests, must surely "lose out" some day or other. The sun will certainly rise some day on times not far distant and we will turn off the gas and blow out the little candles and taper lights of private interests served by the money of the taxpayers.

## Among New Fashion Silks Are Many Specially Priced

They are of great interest to every woman who is planning her Spring and Summer dresses and the numerous sports skirts which she will need.  
One of the most important of these silks is plain-colored Georgette crepe in all the good colors and an excellent quality at \$1.50 a yard, 36 inches wide.  
Another is a fine all-silk radium in various fashionable shades and a flesh pink for lingerie. It is 40 inches wide and only \$2.25 a yard. Chiffon-finished taffeta in henna, turquoise, Gobel and many other colors, 36 inches, at \$2.25 a yard.  
Printed knitted silks for sports dresses or blouses, 36 inches wide, \$2.50 a yard.  
Plain-colored tricolettes, light and dark colors, also henna and black, 36 inches wide, \$1.10 a yard.  
Sports satin for skirts, white, flesh and black, 36 inches, at \$2 a yard.

## Young Women's New Tailored Suits of Tricotine, \$48

These are for young women who wish the simplest of "tailored suits," without frills or decoration, albeit of good materials excellently tailored.  
The tricotine is a fine, firm weave, and in navy blue, castor or black. There are several models. Each has a fairly long and slim-fitting coat, hugging close to the shoulders, narrowly belted, caught with a button below the long revers, and lined throughout with a good quality crepe de chine.  
Altogether young women of 14 to 20 will feel very well dressed in them.

## Much Braid Is Used on the New Paris Gowns

Ribbon, buttons and galoon braid are mentioned especially in the latest Spring fashion notes from Paris.  
Every kind of braid that will be worn, we believe, is represented in this remarkably large assortment in the Dress Trimming Store. No doubt whether, even in Paris itself, you will find such a collection of the new braid fashions.  
Black silk braids, plaid and fancy and many new cre effects go from \$6 to \$2.15 a yard.  
Fancy and plain colored braids in silk, wool, metal and cre from \$1 a yard.

## Every Woman Wants Strap-Wrist Cape Gloves This Year

This is no exaggeration, for they are the popular gloves of the season. More than 2000 pairs have come to us to sell at \$2 a pair—just about \$1.50 a pair below regular price.  
They are a beautiful, soft, South African capeskin, sturdy yet flexible. They have 4 1/2 inch tops, and are in just the browns, grays and tans most desired. And they are washable.  
In addition are strap-wrist gloves of soft white lambskin at the same underprice—\$2 a pair.  
(West Side)

## New Wrap-Around Skirts for Women's Sports Wear

Perhaps you have heard of them. They are wrapped around the figure, fastened over on the left side with three large buttons and then left loose from there to the hem.  
Usually the material has a striped border which makes a pretty finish down the side and around the hem, which is often fringed.  
Another new feature is the single pocket at the right hand side and the hip gores which give such a snug-fitting look. Some of these skirts are made from two soft wool or camel-hair scarfs, others from white imported broadcloth or basket weave.  
Their prices go from \$27.50 to \$68.  
(First Floor)

## Women's New White Buckskin One-Strap Slippers, \$14

They suggest golden sunshine and blue skies and the daintiest of afternoon frocks. And so they will be worn in the South. In this less severe climate they will be kept for social occasions.  
Two very dainty styles, each with light hand-turned soles. One has a short wrap, rounded toe and high Spanish heel; the other a longer wrap and narrower toe, with baby French heel. Both are perforated.  
Each is \$14 a pair.  
(First Floor)

## Don't Be Surprised to Find Sports Capes With Ruches

FOR that is one of the very new Spring fashion fancies.  
They are knitted wool sports capes and the high-standing ruche is made of wool, loosely crocheted and very soft and becoming to the face. And, if one does not care to have the cape fastened tightly at the throat, there are long streamers to tie loosely.  
These pretty new capes are in plain colors, stripes, indistinct plaids and two-tone effects. They are \$30 to \$47.50, including some in knitted wool without the ruche but with a long wide facing down the front in which are pockets.

## Dark Brown Is a Good Color in Millinery

THE old idea of matching one's hair with one's hat has not totally gone out. All the rainbow of gay-colored millinery does not eclipse the very smart hats of walnut brown and other dark shades of this becoming hue.  
In taffeta and grosgrain and straw there are a number of particularly good shapes in this color. It invariably looks well with tweeds, or with toilettes of either brown or dark blue. And the brown-haired woman can almost always wear it effectively.  
Brown hats at practically every price will be found in the Millinery Salons.

## Pictures Are Among the Most Important Furnishings

A well-chosen picture is like the magic carpet of the fairy tale. It transports the stay-at-home far beyond his own walls.  
There are many pictures in this

# Make Such a Furniture Sale Is the Furniture Back of It

The stock of furniture back of this sale is supreme in everything that gives merchandise an interest for the people.

## There Are Just Two Ways for Any Store to Buy and to Sell Phonographs

The phonograph business in America presents to those dealing in retail sales two alternatives.  
**One**  
is to buy and "sell off" "job lots" of nondescript machines of uncertain parentage, of varying degrees of repute and reliability, to sell at 'most any price and on 'most any terms. This plan results in dissatisfied customers.  
**The Other**  
is to buy and sell only dependable machines of standard makes, of positive worth; phonographs backed by the double guarantee of a responsible maker and a responsible dealer.  
Our Phonograph Store long ago chose the second way to do business. Result, satisfied customers, a service whose fame has gone far and wide, and a standing invitation from us to the public to investigate the reliable machines which are sold here under the Wanamaker guarantee of security—
