### VAMING OF DIRECTOR URGED

at Hammonton.

Mrs. Flecat's place is on the White Horse pike and is much frequented by Philadelphians on their way to and from the shore. Liquors worth about \$500 were seized. No liquors were Mayor Moore and the members of the Mayor Moore and the members of the Executive Committee of the Sesqui-Centennial Exhibition Association set out today on a tour of inspection of the out today on a tour of inspection of the various fair sites.

The trip was planned and engineered so quietly that the Mayor and his committee had slipped out of City Hall and were well on their way by automobile to the first point to be visited before the news got around.

The selection of a site is still to be made, and the Mayor is anxious to get the preliminaries over with. On the preliminaries over with to secure a greater volume of export and import trade through this port and ship lines. Executive Committee are John Frederick Lewis, Alba B. Johnson, John Gribbel, John H. Mason, J. S. W. Helton and the Mayor.

Get Director Says Barrett John Barrett. formerly director general of the Pan-American Union and commissioner general of the St.

Louis Fair suggested today that selections Fair suggested today that selections are suggested to suggested to suggested today that selections are suggested to su tion of a director general should precede the choosing of the site.

There must be harmony among those

rganizing the exposition or Congress and foreign nations will shy away from the project. Mr. Barrett said. He is in Atlantic City for a few days. Told that Herbert Hoover's name ralship, Mr. Barrett said he knows

of no better man. He doubts, however, that Mr. Hoover can be induced to leave the President's Cabinet. "However, if Mr. Hoover cannot be secured," continued Mr. Barrett, "then the best-known organizer in Philadelthe best-known organizer, this man should be between forty and fifty years of age. He should have sufficient experience in big business and organizing capabilities to secure the co-operation of his fellow townsmen as well as of of his fellow townsmen as well as of the citizens of Pennsylvania and the nation at large. He should be of caliber to gain the respect of the foreign rep-resentatives of such countries as might be expected to co-operate. This co-operation of foreign countries will in-sure the success of the exposition, or mar it. I am quite sure there are several men in Philadelphia who meas-are up to the standard." are up to the standard."

City Must "Wake Up"

Mr. Barrett said Federal aid could not be secured until Congress is given assurance that the people of Philadelphia really favor the enterprise. He said the Government could not be expected to appropriate millions for expected to appropriate millions for exhibits when it has no assurance that the city and State will do their share. "Therefore, in the spirit of co-operation," he concluded, "I say to the people of Philadelphia, "Get busy, the time is short." Four years is none too ling to organize a gigantic exposition like the proposed one. You will remember that the San Francisco and the St. Louis expositions had to postpone their openings for a year because they ald not start their organization work

on time.
"Once the foreign delegates in Washington hear that dissension has arisen in the ranks of those organizing the exposition, there will be little hope of securing the co-operation desired. I shortly decide on a director. With this out of the way the various committees forward in a business-like manner. Philadelphia is offered a wonderful opportunity. The exposition should be the biggest and best ever held. We in Washington hope it will prove so."

### HE GOT TIRED OF GIVING **GOLD CURE TO "SPIRITS"**

#### Two "Necromancers" Who Got \$865 Get Five Years Each

Although he spent \$865 as a "sacrifice" to the "spirits," he never got the winged \$10 gold-piece promised him by the Negro keepers of the elusive coins. William McDonnald testified before Judge Rogers today.
His charges resulted in "Doctor"

Arthur Phillips, Eighteenth street near Bainbridge, and "Professor" Adolphus lando. Waverly street near Twenty-first, being convicted. They each were sentenced to five years in the county

McDonnald said Lindo told him of the gold pieces, that no matter how often they were spent they always flew right back. McDonnald said he gave Phillips \$40 as a sacrifice to the "spirits." Then \$60 more. But the more he gave. he said, the more the "spirits" wanted, and the next order was for \$200. Then came demands for \$100, upon the pay-ment of which he was ordered to visit a cemetery. Then he had to bring in a white chicken with the next hundred and wash his face in the blood.

Finally he was ordered to get \$3000.

But then, he said, a brother in a fraternal society saw him and told him to

"Then I did open my eyes," said Mc-Donnald, "discovering that I had lost The accused denied that they had re-ceived anything from McDonnald.

### THEN HUBBY WAS ARRESTED

#### Wife Nabbed in Robbery Says He Told Her to Pawn Watch

The mystery of the thaft of \$1500 worth of jewelry from the home of John E. Hutchinson, 5408 North Water street, may be solved through the ar-rest teday of Mrs. Benjamin Wolf, of 405 South Sixtieth street, who tried to pawn a watch in a place on Market street near Sixth.

She told police the watch had been given to her by her husband, with in-structions to pawn it. She was released and her husband was arrested. He was held in \$800 ball in Central Station on suspicion of having commit-ted the robbery.

# WANTS "LIVE" PREACHERS

## Dr. John McNeill Admits Some Ser-

mons Are Dull "Nothing can be so dull as preaching—and God forgive me for my share in it; but nothing can be so alive as preaching the word of God," the Rev. Dr. John McNeill declared today at the Preshyterian populary meeting in the Presbyterian noon-day meeting in the Jewish Theatre.

He said that there was a great need for live preaching in Philadelphia as well as throughout the country.

"You," he said, "who deprecate" "You," he said. "who deprecate" the good old days, are intimating that God cannot reproduce the good things he formerly produced."
