Mourned as Dead

Mourned as Dead He started out alone. He failed to return and a few days inter there was found his battered cance. When Dr. Roy failed to return and nothing was seen or heard of him, he was given up as dead. Triends supposed that his little craft had probably been struck by a ship, bis cance capsized and thint he was drowned while attempting to swim ashere. Dr. Roy says he recalls only the strange incident of suddenly "coming to life" in the clothes of a rough laborer in the station at Kanzas City. There was a scar on his temple, which gives weight to a theory that he was struck on the head at the time of the accident. He thinks that he may have been picked up by an outgoing ship and was per-haps taken to some city along the West-ern const.

He located her intre by telegram and went to Los Angeles for the happy reunion. Dr. Roy, who is thirty-three years old, was graduated from Swarthmore in 1900, and served subsequently during the World War. At the time of the accident the Phoe-nix, the student publication at Swarth-more College, contained the following reference to his supposed death: "It is with a feeling of deep sadness that we announce the sudden death of Harold E. Roy, '09, March 17, 1921. He was canceing alone on the Hudson River, and the particulars of his death are not known, but it is believed that an oil tanker, which was on the river at the same time and place, must have struck him, as the smashed cance was recovered. Swarthmore has lost a loyn son and his friends and classmates will miss his hearty bandshake and genial greetings."

greetings." The letter sent to the Swarthmore College Alumni Association, in which Dr. Roy tells of his recovery in Kansas City, was forwarded by David Dwight Rowlands, of Sheboygan, Wis., presi-dent of the class of 1909. The letter follows:
