Letter From General

Wood, containing a belated message in

Mr. Lippincott wrote at the end of December asking General Wood, who will take up his duties as the new head of the University of Pennsylvania in September, to send a greeting to the Penn graduates for University Day, held on Washington's Birthday. General Wood replied with a cablegram which was rend at the University Day banquet.

In the letter the General expressed at

length his approval of the University Day observance, one of the historic celebrations of the institution. As Mr. Lippincott pointed out, the letter seems to indicate that General Wood, in his guidance of the University, will keep close to graduate sentition.

"Dear Mr. Lippincott—Your letter of December 31 reached me today, too late to send you the message requested. I am sorry. People at home overlook the

fact that four weeks is the minimum
