time for the good old-time festivities of the long ago, and will speed up to rush thither and hither, the young folks are left to blunder on in the dance parlor or perhaps in homes where little restriction is the rule. One fair young thing told me the other day that she was so very weary she had to hold to the door to-re-main upright, that she had spent the evening out at a friend's house learn-ing to play poker, and, mind you, penny ante at that! This lass was not a day over seventeen years old. I believe that a good old-fashioned candy pull or per-haps a spelling bee would have inter-ested her just as well, for her idea was something to do for the excitement of it.

"It's never touched me yet," he explained when they pointed out the risks.

That's the answer a good many people make when they hear that the drug element in tea and coffee often harms nerves and health. They say it's never touched them yet.

Sometimes they only think it hasn't.

Wakeful nights, drowsy days, headaches that keep coming more frequently-often are blamed on bad luck when the blame belongs on bad

judgment in taking needless chances with harm.

Over on the safe side is Postum, a pure cereal beverage, delicious and satisfying - containing nothing that can harm nerves or digestion. Thousands who used to try their luck with tea or coffee are enthusiastic over having found safety and satisfaction in Postum.

It's worth your while to make the test with Postum for ten days. Postum is a delightful drink for any member of the family, at any meal.

Your grocer has both forms of Postum: Instant Postum (in tins) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.

## Time for New Shoes for the Children Old Winter Shces Are About Gone

Many families make a practice of getting a whole supply at one time. They find it not quite such a con-siderable item when the outfitting is done in Wanamaker's Down Stairs Shoe Store, where really good shoes are obtainable at really moderate prices. The low prices wouldn't mean anything if the shoes were not well made

of real leather-for durability. Wanamaker shoes represent the best possible leathers and workmanship for the prices, and that is why so many families who do not need to consider expense so carefully also follow this plan.
