Baseball Filmed in Camps and Elsewhere

Members of the Detroit American squad Members of the Leurnit American equal were preparing to receive Baseball Commissioner Landis at their training camp in Australia Cha., today. Landis plans to make Augusta his first stopping place on his proposed tour of the baseball training camps.

Delayed nearly five hours on their trip from West Eaden, Ind., to Hot Springs, Ark., by a locomotive breakdown, members of the Pittsburgh National Lesgue baseball feam arrived at their destination has night tired out but anticipating the first of the stiff workouts that awaited them today.

The arrival of Judge. Shanks, Gharrity and Earl Smith at the Tampa. Fla., training camp of the Washington Club, yesterday, with Roger Feckingsuch due to get in today, completed the squad with the exception of two or three stragglers, including Picinich, catcher, who is the last remaining holdout. These are expected in a day or two.

The Yankees are talking enthusiastically today of the fine showing yanjerday of George Murray, who pitched for five innings in the game with the New Orleans Pelleans and allowed them only two hits and was never in any danger of being scored upon. Murray is from the Rochester Club of the International League.

The Glants are boasting of a pitching find in spite of the fact that they lost to the White Sox yesterday, 4-8. He is Claude Jonnard, last year's strikeout king of the Southern League with Little Rock. He hurled three brilliant indiags and didn't allow a hit or a run, and struck out two men.

Trounced twice by Pacific Coast teams— Portland and Vernon—the Chicago Nationals are on the way back to Catalina Island. Calif. today to do some more training be-fore the opening of the major league season.

at Forty-eighth and Walnut streets,
and already workmen are busy getting
things in shape.

The fence is being erected and gardeners have also been busy on the field
ironing out the kinks for the past week.
In another week erection of stands will
be erected on the west and south sides
of the lot, and will have a seating capacity of \$500. The University of

Football Rules, Opines Penn Coach

THE game still remains a kicking the Rules Committee disallowing the free try for goal after touchdown." was Bill Hollenback's comment this morning on the changes made Saturday afternoon by the mogula of college football.

Hollenback, who assisted as coach of the University of Fennsylvania foot-ball team last fall and who has had a long and varied experience in the great college game, thinks that the changes in the rule, particularly that one chang-ing the goal after touchdown, are for the good of the spectators.

"The spectators will benefit by this WITH possibilities of a prospective foe for the Manassa Mauler. J. Said Hollenback. "They will get a little more for their money with the pien, being developed tonight, together with the fact that the affair is for eliminates the kicking part.

"A coach will, in all probability, in-struct his players to use the kick, either struct his players to use the kick, either drop or placement. The chances for scoring by this method are much greater than in trying to rush the ball or in throwing a forward pass. A good field goal booter can make the one point nine times out of ten if he has a line that can keep back the defensive team.

"No team evenly matched with another can rush the ball five yards in one down, particularly when the point in down, particularly when the point in question might decide the game. It's hard enough to rush a ball five yards with four downs, let alone try it in

Forward Pass Impractical

"As far as the forward pass is concerned, the quarter and halfbacks of the defending team can orient themselves in such a way that they can prevent a possible tally by that method more times than they would fail. In order for the forward pass play to be tried the ball would have to be placed tried the ball would have to be placed in play near the sidelines and away from the goal posts, to prevent any interference there."

Hollenback believes that the defend-ing team will hold or be off sides frequently, no matter what play is resorted to to score the extra point. The Penn coach also is of the opinion that the offensive team will not charge, but will stop the rushes of the defensive eleven by simply holding its ground and waiting for the defenders to rush

The new rule will eliminate the loafers and the grandstand players, according to Hollenback. "The boys who like to bask in the sunshine with their backs stretched on the gridiron will have something to do now and will not have a rest until the kickoff. No more drubbing that Referee Lou Grimson humanely stopped hostilities in the seventh round.

For two rounds Callahan was able to make the bout look like a fairly even match, but after that it was no contest—that is, it was one-sided. Still, alshough the Sailor slambanged Franking.

test—that is, it was one-sided. Still, although the Sallor slambanged Frankie around pretty much and hard, Freedman was unable to score a knockdown.

Joe Jackson staged a swell scrap with Joe Welch, the former winning because of his terrific attack with both hands at close quarters. It was a sensational set-to. Another corking contest was that between Kid Wolf and Charley Ray, the former being a victor. Harry Burke easily whipped Jack Francis and Johnny Gardner defeated Johnny Griffen.

After scoring a technical knockout. changed that section to read to the

five-yard I'ne.

The shift play is virtually eliminated in the new rule which makes it obligatery for the players in a so-called shift to make a momentary stop in their move-ments so that the officials can tell whether the play is legal. . "Mistake." Says Fisher

R. T. Fisher, Harvard football coach. said today that he believed the Football Rules Committee made a mistake in passing the new rule that if a player is taken out of a game because of injuries he cannot return to play in the same half.

Fisher said that there would be a tendency to let an injured player stay in the game until physicians and coaches were convinced that it was necessary to ake him out, instead of withdrawing him for observation. Fisher regards as an experiment the rule abolishing the free trial for a goal after touchdown and the substi-tution therefor of a play from scrimmage. Every team, he thought, would elect to drop-kick, and this would bring

about the development of drop-kickers instead of placement kickers.
