

STAND PAT ON NEW COSE ON REBEL BONUS BILL PLAN STRIKERS IN RAND

House Committee Determined to Report Measure Despite Mellon and Crissinger

WILL NOT HEED WARNINGS

Washington, March 13.—(By A. P.)—Members of the House Ways and Means Committee decided at a conference today to stand pat on their determination to report the Bonus Bill, despite objections to its provisions by Secretary Mellon and Comptroller of the Currency Crissinger.

The only amendment of consequence which appeared probable, Chairman Fordney said, was elimination of the requirement that war veterans must decide within six months which of the options provided in the bill he would accept.

Secretary Mellon, in his criticism of the bill in his letter to Chairman Fordney, made public last night, expressed the view that the measure as now drawn involved a dangerous abrogation of Government credit.

Mr. Mellon, under the new measure, estimated the cost of the bonus at more than \$1,200,000,000 by January 1, 1923. He declared the bonus would cost the Government \$200,000,000 for 1922, \$400,000,000 for the next three or four years and more than \$200,000,000 a year until 1943 was cited as possible liabilities accompanying his letter.

Mr. Mellon offered estimates based on 70 per cent of the men taking certificates and 50 per cent of them borrowing money on the Government's certificate option would cost the Government \$2,375,000,000.

Mr. Mellon said that the Government would be able to pay off in 1925 upon default by the veterans.

From the point of view of the Treasury, the most serious aspect of these loans on adjusted service certificates is the fact that the loans would be floated at the banks on the credit of the United States.

Through the issue of a vast amount of Government obligations which are non-negotiable and have no realizable value unless pledged with banks, in which event the obligations become, in effect, two or three-year notes, which the Government would be obliged to pay off in 1925 upon default by the veterans.

This virtually means that cash payments on adjusted service certificates would be financed for the next three years through a forced loan from the banks.

WARNS CHURCH OF DANGER Dr. Burns Says It May Degenerate Into Commerce Worship

A plan of international democracy with the church as a leader was issued today by the Rev. Dr. Melvin Burns, chairman of the department of cities of the Board of Home Missions, who spoke today at the regular meeting of the Methodist Ministers' Conference in the Wesley Building, Seventeenth and Arch streets.

ASKS PULPIT ACCURACY Dr. G. R. Morr Tells Ministers to Be Sure of Sermon Facts

Accuracy is as vital to the proper work of the minister as in any other walk of life, said Dr. George B. Morr, president of the New England Theological Seminary, Newton, Mass., speaking before the regular Monday meeting of the Baptist Ministers' Association in the First Baptist Church today.

Government Forces Capture 2200 Prisoners and Expect Soon to Crush Revolt

SYNDICALISTS ARE BLOMED

By the Associated Press Pretoria, Union of South Africa, March 13.—Government forces are proceeding with great success against the revolutionaries, according to an official communique issued today. The statement said:

The total number of prisoners taken in the operations in the central area is 2200. Our forces occupied with but slight casualties the high ground around Westfort.

In the eastern area Major General Van Deventer's troops forced the revolutionaries to retire into Benoni. In the western area, the forces of Kruger's army (twenty-two miles north-west of Johannesburg) are now pushing eastward. We have occupied Rietfontein and British Bechuanaland.

Airplanes have twice dropped bombs on revolutionary headquarters, inflicting severe casualties, and a large number of strikers have been killed or wounded in an attack against cavalry at Ellis Park.

London, March 13.—(By A. P.)—An agency dispatch from Johannesburg says:

Through the capture of spies and documents it was learned that the movement of the "red revolution" came from abroad.

Premier Smuts issued a statement today, Reuter's Johannesburg correspondent says, declaring that the present revolutionary movement is the work of extremists who are using the strike at the mines as a cloak for the dissemination of syndicalist views.

Johnannesburg, South Africa, March 13.—(By A. P.)—A shot was fired at the automobile containing General Jan Christian Smuts, the Premier, yesterday afternoon at a point between the Rand near Potchefstroom. The bullet struck the car.

Special Cable Dispatch, Copyright, 1922 Johannesburg, March 13.—Half a dozen battles between strikers and police continue to rage along the Rand, being partly a consequence of the police positions. The latter have been forced to dig in to escape punishment.

COAL STRIKE SURE, U. S. OFFICIALS SAY

Government Gives Up Hope of Averting Threatened Walkout TO MAKE NO FURTHER MOVE

Washington, March 13.—(By A. P.)—Government officials were represented today as being without hope that the threatened coal strike can be averted or that the proposed conference between the operators and miners would be arranged.

It was indicated that Government intervention, at least in the preliminaries of the situation, was practically at an end. Holding that a strike call April 1 is almost inevitable, Government officials now are chiefly interested in seeing that a sufficient supply of coal is maintained for the country as a whole.

There is now a list at the surface of coal mines and in stocks at consuming centers enough coal to last the country for ten weeks, with the prospect that this supply will be augmented by production from non-union mines and from operations in union territory, which, Department of Labor reports show, are covered by district settlements.

Production of bituminous coal continues to increase slowly, according to the current weekly report of the United States Geological Survey, which placed the stock on hand on the first of March at 74,700,000 tons. In the week ending March 4, production reached 1,013,000 tons. Retail coal dealers' stocks of anthracite were smaller on January 1 than on November 1 last, but larger than at any time in 1919 or 1920.

Baltimore, March 13.—(By A. P.)—The Scale Committee of the Northern West Virginia Coal Operators' Association and C. E. Keeney, president of District No. 17, United Mine Workers of America, will begin negotiations in Baltimore March 25 for a wage scale for the Northern West Virginia field effective next April 1. It was agreed to at a meeting here today between the committee and Mr. Keeney.

SAYS UNGER HIDES EVANS' FUNDS BOOKS

State May Not Be Able to Prove Defalcations Are Within Two-Year Limit

EMBEZZLER PLANS FIGHT

The books of the Evans Dental Institute Fund are missing. John Weaver, former Mayor and chairman of the board of trustees of the fund, today admitted that all efforts have failed to locate the books at the Girard National Bank, where Walter A. Unger, defaulting assistant treasurer, worked. Until the books are located or unless Unger is willing to disclose their hiding place, no accurate statement of the fund may be obtained.

Mr. Weaver said he hopes Unger will "come clean" regarding the dates of his defalcations now being estimated to amount to nearly \$200,000. He said perusal of the books would show the dates when the assistant treasurer "dipped into the funds at the interest of various coupons would be recorded.

At the District Attorney's office it was said it is essential to have the books located and inventoried. Mr. Weaver made against the man. Should they not be found it is probable Unger will be sentenced for alleged misappropriation of the \$12,000 payroll check as well as the various securities within the last two years, the limit of the State laws on defalcations. It was said also that indictments of others probably will follow if the books are recovered.

Unger was called before Judge Shoemaker this morning. Unger's attorney, L. Pearson Scott, succeeded in having the proceeding postponed until Thursday.

It was expected that Unger would plead guilty to three indictments charging fraudulent conversion, larceny and receiving stolen property of a company, and face immediate sentence.

The new turn looked upon as indication that Unger now proposes to make a fight. Unger had not been brought into the courtroom when Mr. Scott, addressing Judge Shoemaker, said that he had not found the books. Unger was called to defend the accused assistant treasurer to learn the facts in the case against the man. He urged that this information be given to the jury in full.

Unger was brought from Moyamensing Prison this morning and kept for a while in the cell at City Hall. Then he was taken to the room in which prisoners are held while awaiting their turns in Court. There he was surrounded by all sorts of offenders ranging from burglars and shoplifters to pickpockets and sneak thieves. His treatment was no different from that of the other prisoners.
