BEGIN SIXTH COAL MINE WAGE PARLEY
Miners and Operators Meet in New York to Negotiate New Agreement
MEN FORMULATE DEMANDS

By the Associated Press
New York, March 15.—Antagonistic miners and operators are prepared to begin negotiations today for a new wage agreement to take the place of the two-year contract which expires at the end of this month.

Ask Increase of 20 Per Cent
The miners are asking for a 20 per cent increase in contract rates, among other things, while the mine owners are on record as favoring a decrease below the present working basis.

Coal Shortage Not Expected
A shortage of anthracite is not anticipated unless the expected satisfaction should run into the summer, which is not looked for by the miners.

Sixth Wage Conference
The present is the sixth general wage conference held in the hard coal fields since the award in 1902 of the anthracite coal strike commission appointed by President Roosevelt as a result of the long strike in 1902.

Demands of Miners
The principal demands of the miners are as follows:
A two-year contract.
A 20 per cent increase in the contract wage scale, a \$1 a day increase to all labor paid by the day and that differentials existing between different classes of employees prior to the 1929 award be restored.

CRAIG CALLS FOR ORDER IN BELFAST
Ulster Premier Willing to Allot \$2,000,000 to Quell Outbreaks
TO FLOG ARMED PERSONS

By the Associated Press
Belfast, March 15.—Chief interest in reassembling of Parliament yesterday was in the plans announced by Sir James Craig, the Ulster Premier, for the restoration of order, in which Sir Henry Wilson, former chief of staff of the British army, but now a Unionist member of the Commons for North Down, will be the prime agent, and an admission that the Boundary Commission is still the predominant danger facing Ulster.

Colonel Speiser, Secretary of the Ulster Cabinet, told the Associated Press last night the \$2,000,000 was intended to show Field Marshal Wilson that the Ulster Government really meant business and was determined, regardless of the cost, to see that the province is fully protected.

Craig Insists Courts Must Run
According to the liberation of the Londonderry and other prisoners by the British Government, Sir James said: "The British Government has repeatedly refused my request to draw the line in this respect. I now have drawn the line myself, and told the British Government that from this time onward our courts must run and their sentences must be executed."

Dress well—at small cost
ALL men would like to be well dressed; many of them aren't—for two reasons. They either think it costs too much to be stylish or they unintentionally pick the wrong thing.
There is no excuse for either mistake. Fine, all-wool fabrics are the basis of style; expert tailoring makes it last. Such quality gives you longer service; that means low cost.
It's easy to be sure the style's right; find this name on the silk label sewed inside the coat.
