

About the EARL

"Low Hung"

may be to you a mere technical term or a suggestion of a road-hugging body. But it has a deeper and more important significance. "Low hung" as applied to the Earl car has a scientific engineering reason back of it. It is "low hung" for easier riding and for safety—as well as being a factor of good looks. The Earl is the lowest-hung car in the medium-priced car field today. Ride in it and you'll thank the designing engineer.

HELIOS HUDBAND COLLEGE TEACHER

Miller, Who Married Carnegie's Daughter, Fills Post at \$3000 a Year

DECLINES MANY BIG JOBS

New York, March 22.—Boswell Miller, son-in-law of the late Andrew Carnegie, who lives with his wife, the heiress to the steel master's millions, in a \$250,000 home at 9 East Ninth street, is aiming to satisfy a long-cherished ambition by working by an instructor in engineering at New York University for approximately \$3000 a year.

In deciding to follow the science he chose when a boy, Mr. Miller, now barely twenty-seven years old, turned down offers which promised him high salaries both in the world of industry and finance. It is related that Charles M. Schwab, who attended his marriage to Miss Margaret Carnegie, wanted him to join the Bethlehem Steel Company, and that J. P. Morgan & Co. also told him a place was ready for him at Broad and Wall streets.

Although Mr. Miller could not be reached last night, it was learned that he had joined the faculty of the Engineering School of New York University on an appointment made January 30, a trifle more than six months after he had received a degree in civil engineering at Princeton University.

Had it not been for the war this degree would have been handed to him in 1919, but his studies were interrupted by service, first in the ambulance corps in France and later as an ensign in the navy. His marriage to Miss Carnegie took place at the Carnegie home, Fifth avenue and Ninetieth street, on April 22, 1918, a trifle more than a year before the war.

His father was the late Rowell Miller, former president of the Chicago, Milwaukee and St. Paul Railroad. While little could be learned at the Engineering School of New York University yesterday concerning subjects taught by Mr. Miller, it was understood he qualified as a general instructor. A year ago, during the institution's endowment drive, announcement was made that instructors were paid from \$1800 to \$2500 yearly. His appointment must be renewed from year to year.

Frequently Mr. Miller is met at the conclusion of his wife's work by one of the Carnegie automobiles containing Mrs. Miller, and sometimes Mrs. Carnegie, both of whom are enthusiastic supporters of his course.

The Miller home, formerly the McAlpin residence, bought by Mr. Carnegie for \$250,000 several years ago, adjoins the Carnegie property, which occupies the Fifth avenue front from Ninetieth to Ninety-first street.

70,000 SEALINGS TAKEN

Newfoundland Fleet on Way Back From Hunting Cruise

St. Johns, N. F., March 22.—(By A. P.)—Seventy thousand seals make up the bag of the Newfoundland sealing fleet, it is said in reports reaching this city from the hunting grounds. The Terra Nova, commanded by Captain Abraham Kenn, is headline news this far, having taken 14,000.

The Diana has been disabled after capturing 7000, and must await the arrival of a Government tug before starting for port.

Corns?

—just say

Blue-jay

to your druggist

Stops Pain Instantly

The simplest way to end a corn is Blue-jay. A touch stops the pain instantly. Then the corn loosens and comes out. Made in two forms—a colorless, clear liquid (one drop does it) and in extra thin plasters. Use whichever form you prefer, plasters or the liquid—the action is the same. Safe, gentle. Made in a world-famed laboratory. Sold by all druggists.

Prepar. Write Deuser & Black, Chicago, Dept. 155 for valuable book, "Correct Care of the Feet."

COSTUME DESIGN

Fascinating Work Big Pay

Fashion Academy students learn Costume and Military Design in few short months on simple fascinating lessons. Graduates soon earn big salaries in professional positions.

Fashion Academy is the "one important school devoted exclusively to Costume and Military Design." Its teachers are experienced and its methods are practical with years of experience in the world's foremost design centers.

Training not only gives you ability to design original costumes and hats, but teaches you to make complete garments from the drawing of patterns to the very last stitch. Savings on a few dresses usually pay for course.

Fashion Academy's new Philadelphia School is a direct branch of famous New York School. Identical classes and methods employed. Classes four days a week—morning, afternoon and evening. Visit our school for exhibition of students' work or write for booklet describing all courses and opportunities for the professional designer.

ACHES AND PAINS—SLOAN'S GETS 'EM!

Avoid the misery of racking pain. Sloan's gets right down to the aching spot and relieves your pain and you wonder why you did not use Sloan's first. Have a bottle of Sloan's Liniment handy and apply when you first feel pain.

Use freely and don't rub, as it penetrates and you will be surprised to find how quickly it eases the pain and sends a feeling of warmth through the aching part.

Fine, too, for rheumatism, neuralgia, sciatica, sprains, aches, pains, overworked muscles, lame back.

For forty years Sloan's has been the standard by a liniment in thousands of families. Ask your neighbor.

At all druggists—35c, 70c, \$1.40.

Sloan's Liniment (Pain's Enemy)

Clear Your Complexion of pimples, acne and other facial blemishes. Use freely Dr. Hobson's Eczema Ointment. Good for eczema, itching skin, and other skin troubles. One of Dr. Hobson's Family Remedies.

Dr. Hobson's Eczema Ointment

90,946,000 BUSHELS SPUDS

Estimate of Stocks on Hand in Fifteen Leading States

Washington, March 22.—(By A. P.)—Stocks of potatoes in the hands of farmers and local dealers March 15 in the fifteen leading potato States, including Pennsylvania, are estimated at 90,946,000 bushels by the Department of Agriculture. Of this quantity 75,460,000 bushels are held by farmers and 17,486,000 bushels by local dealers. Of the holdings in the hands of producers 30,035,000 bushels are expected to move off the farms and 42,556,000 to be retained.

As this is the first year that stocks of potatoes on March 1 have been estimated by the department, there is no basis for comparison with stocks in preceding years.

WOOD CHAMPIONS LEPCERS

Philippine Colony, Including 500 Small Children, Needs Aid

Manila, March 22.—(By A. P.)—Following an inspection of the leper colony at Cullion yesterday, Governor-General Wood telegraphed an urgent appeal to the people of the Philippines to assist in the relief of the colony by donations of clothing and reading matter. He also instructed the health department to speed up preparations for bettering conditions in the colony.

Extra clothing, nurses and supplies will be rushed to Cullion by a special steamer next Thursday. Only about 1500 among 5000 lepers are receiving treatment now. The colony contains 500 children under twelve years.

\$100,000 FIRE IN ELIZABETH

Twelve Fire Companies Summoned to Cope With Chemical Blaze

Elizabeth, N. J., March 22.—(By A. P.)—All of Elizabeth's twelve fire companies were summoned early today to cope with a fire which broke out shortly after midnight in the plant of the Atlantic Chemical Works at Bayway, a suburb.

The fire was brought under control after it had destroyed the main building, the cooprage shop and two stills, each containing about 250,000 pounds of naphthalene. Serious explosions when the flames reached the naphthalene were prevented by the forethought of workmen who removed the tops of the stills.

David Winter, president of the company, estimated the loss at more than \$100,000 and fire department officials said it might run as high as \$200,000.

ADVENTURES IN THE JUNGLE

Philadelphia scientists are off to Nicaragua to collect specimens. They are armed against mosquitoes and other tropical ailments. An account of how they planned their trip, and how they will spend the next Sunday's PLEASANT MORNING, is in "The Habit," 42c.
