CORNS
Lift Off with Fingers
Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with your fingers. Truly!
Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn or corn between the toes, and the calluses without soreness or irritation.—Adv.

STREET CARNIVAL PLANNED BY LEGION

Lawrence E. Delaney Post is Interesting Community in Its Projects
VETERANS TO HAVE DANCE

A Boosters' Committee of the Lawrence E. Delaney Post, No. 26, is arousing interest in the activities of the organization by explaining to residents of the community just what the organization can do for them and what the householders can do for the post. A committee of the former service men has been appointed to arrange for a street carnival to be held within a few weeks to advance this movement of co-operation. Any proceeds from the carnival will be used in reducing the mortgage on the Memorial Home Building.

The auxiliary of the Fred D. and Irving S. Claite Post, 37, will give its annual dance at Apollo Hall April 5. The post and auxiliary members have just started a drive for the Claite Post Home.

The George H. Inhof Post, 153, is making rapid strides toward a permanent post home in the Twenty-eighth Ward. The next meeting of the organization will be held April 8 in the P. O. S. of A. Hall, Twenty-ninth and Dauphin streets, to which all former service men are invited.

Members of Logan Post, 376, will be entertained at the next meeting April 6, by an elaborate program arranged by a special committee. The meeting will be held in the Logan Library Building, Old York road and Wagner avenue.

The Harry L. Greenwood Auxiliary, with a membership of nearly 100, is forging rapidly to the front as one of the most important in the city. The next meeting, at which additions will be made to the membership, will be held April 6.

The Russell C. Gross Post, 562, will hold a dance tomorrow evening at the temporary home, 1527 North Sixteenth street. The membership of the post is double that of a year ago and it is expected the 20th mark will be passed before the end of the year.

A joint meeting of Toga Post, 319, and its auxiliary on April 6 at the Nicetown Library Building will be featured by dancing to be followed by refreshment. The auxiliary has started a drive for new members.

The former soldiers forming the Donald T. Shenton Post, 330, are leading the women's auxiliary in a race for increased membership in the two organizations, but the women launched a more extensive campaign this week and look for a better report at the next joint meeting. Motion pictures of the American units in France will be shown at the April meeting of the post.

WOMAN CONFERENCE PLANS

Expect 1000 to Attend Meeting and Dinner April 12
More than 750 men and women already have obtained tickets for the dinner and conference to be held by the Republican Woman's Club of Pennsylvania at the Bellevue-Stratford April 12. GRADUATES GET DIPLOMAS

Exercises at Central High and William Penn High Schools

Diplomas were presented to thirty-one members of the evening school class of 1922 at graduation exercises last night in the Central High School, Fifteenth and Green streets. Jonathan T. Rorer, principal of the evening school, made the presentations. Louis Nubbaum, associate superintendent in charge of evening schools, addressed the class.

Nine graduates of the William Penn High School for Women, Fifteenth and Wallace streets, received their diplomas last night. They were Mrs. Dorothy Kramer, valetictorian; Bertha Berg, Marjorie R. Brown, Anna Lido Pite, Emma L. Flowers, Esther Putnamaker, Olive Robinson, Gertrude Rosendale and Rose Rossman.

REPAIRING PUBLIC BATHS

Chief Baxter Also Improving Several City Squares

The twenty-five public baths and swimming pools scattered throughout the city, many of which are in a rather dilapidated condition, are being entirely renovated under the supervision of Chief Baxter, of the Bureau of City Property, and made ready for use during the summer.

About a dozen of the public squares are being developed. The General Stephen Moxian Square, Twenty-fifth and Diamond streets, is being improved by the laying of concrete walks, laying out flower and grass plots, and planting alders. A baseball diamond is being laid out which covers the northern half of the square. Workmen will start today to improve Penn Treaty Park, on the Delaware, at the foot of East Montgomery avenue.

**A good printer—
What is
"a good printer"?**

**better paper
better printing
better business**

A good printer is one whose work helps you to make more money.

Some men know only one way to make money out of a printer. That is to buy printing from him for less than it cost to produce it.

Other men make money out of the printing the printer produces. They use printing to help sell their goods.

A good printer tries not to lose sight of the fact that you are going to use his work to help sell things. He knows that better printing means better selling. He knows that better paper makes for better printing.

If you are lucky enough or wise enough to know a good printer and he recommends for your printed messages one of the Warren Standard Printing Papers, take his advice. He is thinking of your work in terms of better printing.
