Have Many Hurlers

Hines has a pitching staff which he says will make many managers weep. It includes Dick Hamilton, of Syracuse; Ray Hammell, of last year's team; Charlie Glock, of Bridesburg; "Rube" Reed, of Lansdale, and Eddie Keenan, another local southpaw. The catching will be taken care of by "Kidder" Byrne and George Edwards.

Johnny Lang, conceded one of the best fielding first basemen, will hold down the initial bag, "Jake" Werder will cover second. Jimmy Josephs, of last year's Nativity team, will cavort around short, and the hot corner will be capably looked after by Lew Shafer.

In the outfield are "King" Marnie, right field; "Rube" Reed, center, and "Jake" Heimbecker, left field. Artie Ryan, who has just arrived here from Boston, will act as utility player.

We had thought that we realized just how eager a following this fine Victoria has attracted.

But the demand for the Type 61 model has exceeded even the furthest flight of our fancy.

Of course, much of its appeal is due to the innate power, dependability, and gliding smoothness for which so many people turn to Cadillac.

However, it is no secret that few motor cars in the world can boast a presence so finished and so fashionable.

That and the fact that the Victoria provides such convenient association for four, are perhaps the special reasons for its popularity.

It is our simple duty to forewarn you of the growing demand if you desire prompt delivery of a Cadillac Victoria.
