We Are Giving Our Best To our customers—our very best advice—based on the way the coal situation looks from the inside. This advice is to delay winter bin-filling orders—to buy only for the needs of the next few months. And we are giving them our best coal as always, because the coal we now have on hand is from our regular source of supply—every ton American Quality. To those not already our customers, we are offering our best quality and service and advising that it is a good time to test both.

DOYLE WILL TEACH U. S. SPIRITUALISM

Sir Arthur Says It Will Revivify Religion and Destroy Materialism

HERE FOR LECTURE TOUR

New York, April 10.—Within fifty years spiritualism, backed by the overwhelming force that is now mobilizing behind the psychic movement will sweep the world and make the piety of the religion of today—religion which has long been decaying and is becoming a mere formality. This in substance is the message brought to these shores by Sir Arthur Conan Doyle, the distinguished English novelist, who arrived from Liverpool yesterday on the White Star liner Baltic, to preach the doctrine of spiritualism in a series of fifteen lectures that will carry him as far west as Chicago. There is no money in the pilgrimage. It is a labor of love and the proceeds of his tour will be used in furtherance of what he called the cause.

Children Fearless of Death To get away from the dense smoke of flashlight powder he picked out a windy doorway near the promenade deck, and there he stood quietly regarding his big theme. He had spoken hardly a dozen words when three robust children rumped by him from the starboard side of the companion way to port shouting, "Come daddy, quickly. There is the Statue of Liberty." "Yes, yes," he answered. "I have seen it before." Then following them with his eyes he remarked: "There go my children—spiritualists all of them. Happy children who have no fear of death."

In response to a question as to his proof of communication with the dead was possible, he replied with conviction that he knew it was so because he had talked with the dead himself. "I have talked with more than twenty of my dead," he said. "Through a medium, of course, because it is necessary to have a delicate materialization as a means of communication. I have talked many times with my son Kingsley, who died of pneumonia in November, 1918, after his return from the front."

Happier Than Here "It is a delightful and comforting thing to know positively that we live after death and that we know whether we are going. There is little difference between this life and the life beyond. We have found that it is difficult to convince those who have passed on that they are dead. They are happier after death than we are here, and there is no pain."

"It is the one great final antidote to materialism which is the cause of most of our recent world troubles. If we can make this good—and the cause has only to be clearly stated to be proved—then surely America has good cause to be proud that this great statement of the fundamentals of religion should have come upon her soil. It has been degraded by some who believe in it, and decided by all who did not, but the time has come to recognize the vital good that is in it, and to free it from sordid influences."

GEN. VON FALKENHAYN IS DEAD AT POTSDAM

One-Time Chief of Staff of German Army Berlin, April 10.—(By A. P.)—General Erich von Falkenhayn, former Minister of War and one-time chief of staff of the German Army, died Saturday at Wild Park, near Potsdam.

VENIZELOS DENIES RUMORS

Ex-Premier of Greece, Now in U. S., Not Recalled to Power Washington, April 10.—(By A. P.)—Reports that he had been asked by King Constantine to return to Greece to resume the premiership were characterized as "ridiculous" by former Premier Venizelos on his arrival here today from a tour of the Southern States and South America. The report was circulated from Charlotte, N. C., last night after the former Premier had been greeted at the station there by a number of his countrymen. M. Venizelos said he could not understand how such an intimation could have been placed on anything he or members of his party had said to those with whom they talked at the station. The former Greek Premier said he planned to remain here about a week and probably would leave the United States shortly after the first of May to go to Paris.

LEVIATHAN'S TRIP OVER

Great Liner Reaches Dock in Newport News Under Own Steam Newport News, Va., April 10.—(By A. P.)—The Leviathan, queen of the American merchant marine passenger fleet, reached here soon after 8 o'clock this morning from New York and was moved to a specially prepared berth at the plant of the Newport News Shipbuilding and Drydock Company, where she will be reconitioned for the Shipping Board. The big liner, traveling under her own steam for the first time in many months, made the trip without incident. Escorted by a flotilla of tugboats and guarded by several coast guard cutters, she proceeded through the narrow Newport News channel at a speed of six miles an hour.

HELD FOR HAVING "HOORCH"

Ocean City Fish Merchant Arrested in Atlantic City Atlantic City, April 10.—Henry D. Hickman, an Ocean City fish merchant, was arrested today on the charge of having in his possession two quarts of "White Mule." Prohibition Enforcement Agent John B. Adams asserted that Hickman had been supplying residents in Ocean City with whisky, or what purported to be good rye, for \$2.50 a quart, a return of only low price when bona fide stock commands from \$8 to \$10. Adams believes the source of supply is a "moonshine still" in the vicinity of Somers Point.

BELGIUM O. K.'S RHINE PAY

Note of Acknowledgment is Received by Hughes Washington, April 10.—(By A. P.)—Acknowledgment by Belgium of the claim of the American Government for reimbursement of the cost of occupation of the American army in Germany has been received by the State Department. The Belgian Government has never questioned the American claims, it is said, and the note is reported to be in every respect similar to the reply by France. Identical notes recently were addressed by Secretary Hughes to Great Britain, France, Belgium, Italy and Japan.

Bequests to Churches Lapsed Souderton, Pa., April 10.—Because a full calendar month did not elapse after the execution of the will of the late Enoch S. Moyer, Souderton undertaker, a number of public bequests set forth in the document fail. The Christ Reformed Church at Indian Creek, near here, loses \$100, and the Zwilling Reformed Church, of Souderton, loses \$400.

Body May Be That of Missing Priest Bay City, Mich., April 10.—A body believed to be that of the Rev. Henry F. Reynolds, Detroit pastor who vanished while on his way to church November 13, was found yesterday in Saginaw River here. A nation-wide search was carried on for months following Mr. Reynolds' disappearance. He was a war veteran and suffered from shell shock.
