

## BRYNATHYN CLAIM IN WRECK DENIED

Compensation Refused on Ground Injuries Not Suffered in Line of Duty

### WARNING TO 300 AUTOISTS

Pottsville, Pa., April 13.—The Bryn Athyn wreck last December, in which twenty-six persons were killed, was recalled yesterday when Paul W. Houck, State Compensation Commissioner, handed down a decision refusing compensation to John W. Sauman, of Southampton, Pa., a salesman, who was on his way to Philadelphia, where he was employed. Sauman was injured, and it was decided he is not entitled to any compensation inasmuch as he was not doing anything in the line of his employment when he was injured.

Following the re-election of Livingston Seltzer as county superintendent of schools, Seltzer's old-time opponent for the position, Harold G. Weiss, of Schuylkill Haven, yesterday was elected superintendent of the Pottsville schools for a term of four years and his salary fixed at \$3500 a year. Weiss is a son of G. W. Weiss, who was county superintendent for twenty years. He is a school director at Schuylkill Haven.

State police have given first warning to 300 alleged automobile law violators in this section, and it was announced today that hereafter all persons caught violating the law will be required to pay heavy fines. All who were given first warnings were required to show their cards, which were punched as an indication of the warning. Anybody hereafter who presents a punched card will be shown no consideration.

In celebration of his forty-seventh anniversary as organist of the St. Matthew's Protestant Episcopal Church, at Eighteenth street and Girard avenue, Albert T. Gardner will give a special recital on Easter Day.

Mr. Gardner began his work at St. Matthew's at the age of seventeen and, having for one summer vacation in Europe, has scarcely missed a service. He has become well known as a composer, not merely for the organ, but for other instruments and the voice.

His program on Easter will consist of the processional and recessional numbers, "Christ Our Passover," anthem: "Passion," a Te Deum by Dudley Buck; "Jubilate in A," "God Hath Sent His Angels" and "Come See the Place Where Jesus Lay."

### WOMEN ATTEMPT SUICIDE

Three, Now in Chester Hospital, Will Recover, Physicians Say

Chester, April 13.—Following a quarrel with members of her family, Mrs. Viola Kelly, twenty-one years old, recently married, swallowed a quantity of poison in an effort to end her life, but the attempt will probably be unsuccessful, according to Chester Hospital physicians, who worked over her several hours.

The second attempt of the day by a woman to end her life occurred at Edgelynton, when Mrs. Margaret Bearmore slashed her wrists after a quarrel with her husband. She was removed to the Taylor Hospital. Attaches say she will recover.

Mrs. Elizabeth Palmer, sixty-seven years old, of 134 Reaney street, who was found lying on her husband's grave, after she had swallowed poison, is recovering in Chester Hospital.

Miss Jessie Seward, nineteen years old, first on the list of the week's attempted suicides, has been discharged from Chester Hospital. She swallowed iodine, because her parents refused to allow her out every night.

## CAMDEN TO PROBE CHARGES OF GRAFT

J. S. Roberts, of City Clerk's Office, Declares He is Victim of Frame-Up

### QUITS WARD ORGANIZATION

Camden City Council last night instructed the city's legal department to investigate public charges that John S. Roberts, who is connected with the City Clerk's office, accepted graft from candidates for appointments as firemen and policemen.

The charges were made Tuesday night by Councilman James Cores, at a meeting of the Third Ward Republican Association, at which Roberts resigned as treasurer of that organization.

Roberts declares the charges are utterly false and a frame-up designed to promote the interests of a person seeking to succeed him as a member of the County Committee. There is no connection, he said, between his resignation as treasurer of the ward association and the charges, his withdrawal

being due to exhaustive demands upon his time.

Horse liniment, home-made wines and moonshine whiskey were confiscated by prohibition agents, led by the Rev. J. B. Adams, assistant State prohibition director, in raids made yesterday afternoon in Camden. Several saloons were visited, but very little liquor was found.

One of the first places visited was the saloon of John Carroll, Third and Cherry streets. Carroll met the raiding agents, who searched the place from top to bottom. No liquor was found. A pitcher containing horse liniment was seized. Carroll had the agents seal the pitcher, to make sure that liquor would not be substituted.

In the saloon of Luigi Diunasto, 402 Pine street, they found some home-made wine, and at Genaro Totarello's place, at 202 Clinton street, several quarts of whiskey. In the saloon of Jacob Fleck, 101 Kaighn avenue, thirty quarts of whiskey were seized. A small quantity of alcohol was found in the saloon of George Brehm, Front street and Kaighn avenue.

Two other places raided were the saloons of Ballou Hysinski, 1542 Mount Ephraim avenue, and Charles Ricco, Broadway and Jefferson avenue. In the former place several quarts of whiskey were found, but no liquor was found in Ricco's saloon.

### Cobbler's Shop Burns, So Do Shoes

Fire of unknown origin destroyed the shoe repair shop of David Bryon, Pratt street and Torredale avenue, early this morning. The building was burned out and its contents destroyed. The damage is estimated at \$200, including fifty pairs of shoes that had been left for repair.

## A SEWING MACHINE SENSATION

It is so different from any other Sewing Machine the women know that it creates a sensation wherever it is shown.

Its silence is its first sensation—there is hardly a purr as the fabric glides magically beneath the needle. Silence born of its exclusive DIRECT-DRIVE electric motor.

Then its stitch! A beautiful perfect stitch, three times as strong as ordinary stitches.

And it has NO BOBBINS TO WIND, NO TENSION TO ADJUST — features in themselves sensational.

This machine is indeed different. Come to our store and see it or phone us to bring one to your home for a demonstration. Even the paying will be made pleasant, if you decide to purchase.

MAY WE DEMONSTRATE IT IN YOUR HOME?

## Do you know this?

IN the shoe business all manufacturers start even — at scratch.

The machinery used in making shoes is all the same, all leased from the same company. Hides are bought in the open market. The labor is practically all based upon uniform standards of cost and output.

Dozens of firms go into the shoe business. Some grow great, some stand still, some fall back, and some fail.

Why? The answer lies in business judgment and selling ability. Business problems today are sales problems. In any business, growth is dependent upon sales and more sales.

Printing helps sales because the printing press multiplies the number of people who know about your business.

When you buy printing, buy it as something that will help your sales — don't buy it as something you must have and want to get as cheap as possible.

Better paper means better printing, and, in the case of commercial printing, better printing means better selling.

If the printer who does your work proposes the use of Warren Standard Printing Papers to you, you may be sure he is thinking in terms of better printing.
