**A Delicious Eggnog for Easter Is Included in Friday's Menu This Week**

THE preparation of three meals on Easter Sunday should bring to the housewife's mind the fact that spring is really here and that the Southern markets are sending the early green crops to our table. The old potatoes are about done, and while the new ones are just a wee bit expensive, the housewife will find them just as economical owing to the fact that there is very little waste when they are scraped and almost none when they are washed well and cooled in the skins.

Dishes typical of the season, using ham and eggs, are usually very popular, and for this reason I have planned a special menu featuring the seasonable Easter products.

**Bacon and Eggs, English Style**  
Remove the rind from one-half pound of bacon and slice into one-half inch pieces. Boil in water until well cooked. Brown a very delicate brown and lift to hot plate; open eggs on the saucer and slip into the hot fat; cook slowly, and just as soon as the eggs begin to set turn over, using a spatula. Lift on thin, well-buttered slices of toast and garnish with the bacon, adding a slice of broiled tomato, and then sprinkle thickly with finely chopped parsley.

**Eggnog**  
Place in large bowl  
Yolks of four eggs  
One-half cup powdered sugar  
Two teaspoons of vanilla  
Cream well and then add  
One quart of rich milk  
Beat for five minutes with the egg beater to blend. Then whip in the stiffly beaten whites of the four eggs and three-quarters teaspoon of nutmeg. Whip up with the Dover style egg beater and pour in tall, thin glasses and garnish with spoonful of whipped cream. Then dust with nutmeg and serve.

**Baked Slices of Ham Caledonia**  
Trim two slices of ham into pieces of suitable size for serving. Now place in dish and cover with  
Four tablespoons of molasses,  
One-half cup of grapejuice,  
One-half cup of scallion.  
Let stand for two hours. Then lift the ham to shallow baking dish and pour over the ham two cups of thick cream sauce, spreading evenly. Then pour over the mixture in which the ham was soaked. Sprinkle over the top  
One-half cup of bread crumbs.  
Three tablespoons of grated cheese.  
Bake in slow oven for forty-five minutes. Scrape the new potatoes and drop at once into boiling water. The peas and potatoes may be cooked together, taking care to remove the potatoes as soon as they are tender, placing in a hot dish and covering at once with a warm napkin.

Sprinkle the potatoes with finely chopped parsley and pour over some melted butter and serve.  
Toss the new peas when cooked into melted butter and season with salt and pepper. Cook beans until tender, remove the skins, cut in slices. Now place in saucepan  
One-half cup of water, in which the beans were cooked.  
One-half cup of vinegar,  
Three tablespoons of cornstarch.  
Stir to dissolve and bring to a boil. Cook for three minutes; then add  
Three tablespoons of butter,  
The herbs,  
One onion, chopped fine,  
Two strips of bacon, chopped fine and nicely browned.  
Heat slowly until scalding hot. Season.

**Strawberry Custards**  
When serving the berries sort over and place the soft and small berries aside for use in the custards. Rub the custard cups well with butter, and then dust with granulated sugar. Now place berries in each cup, filling the cups about half full.  
Now place in mixing bowl  
Two cups of milk,  
One-half cup of sugar,  
Ten tablespoons of melted butter,  
Yolks of two eggs,  
Three whole eggs,  
One-half teaspoon of nutmeg,  
One teaspoon of vanilla.  
Beat with egg beater for five minutes to blend; then fill into the cups. Set the cups containing the prepared custard in a pan of water and bake slowly for thirty minutes. Then use the whites of eggs to form meringue, and pile on top of the custards, dust lightly with cinnamon and place in oven to set the meringues.

**Things You'll Love to Make**  
**Slit and Beaded Peasant Sleeve**  
One must own at least one blouse on the peasant lines to be up to the minute with her wardrobe. Here is a smart SLEEVE AND BEADED PEASANT blouse to give that new blouse the full peasant lines and make a beaded band about half way up the sleeve. Have two rows of hemstitching put into each sleeve, one above and one below the beaded band. Cut through the hemstitching, to form the beaded slit. With heads of red, black and yellow, outline each slit with a peasant bead. These SLIT AND BEADED PEASANT SLEEVES are quite charming.
