Enter Local Races as Well as Harlem and Middle States Regattas

DROSPECTS at Bachelors' Barge Club for a successful year are brighter RUTGERS TO ENTER than they have been for many seasons. There are thirty-five rowing members available, and twenty of them are now working for places in boats. The arews are being coached by Frank Muller. Captain Gilmore stated that the club New Brunswick, N. J., April 24.—
There is a possibility that Rutgers may enter its championship Middle States relay team in the intercollegiate title event next Saturday at the Penn games. Conch Carl Anderson has set Monday afternoon for the relay trials here. Rutgers has taken first honors for several years straight in the Middle States relay and this spring, with a quartet of veterans available, another time record is expected. sptsin Gilmore stated that the chippets to have entries in all local re-ities, and probably will send some tews to row in the Harlem Regatta Memorial Day, as well as to the Memorial Day, as ...

The boys have answered the call of Coach Muller with enthusiasm, and the club is a busy place. It will be remembered that Muller was formerly coach of the Vesper crews, having joined that club in 1910. He rowed in a number of crews for that club, until number 1915, when he took over the coaching duties. Under his tutelage the club won eighty-three firsts, including two world's championships. Muller was in charge of the Vesper oarsmen who won in the Olympics in 1920. In addition to coaching the Bachelors, he is also n charge of the Episcopal Academy

Three junior single scullers who are showing up well are J. Huhn, Hapgood and Darby. With these three and Fish and Neal, Coach Muller expects to get together a junior double and innior entipede. W. W. Shoemaker will take care of intermediate single rowing for the present, and will be entered in the American Regatta next month.

Gimore Is Fast
W. E. C. Gilmore will do the senior
single sculling for the club. He is rowmuch faster than ever before, and ld prove a formidable contender contender should prove a formidable contender this year in any race in which he enters. Last year in the Canadian national championships, he finished second to Belves, the Canadian champion. Gilmore probably will double with Shoemaker, and row in first doubles in the American Regatta.

The club has a number of good juniors from which to pick an eight, among whom are Roberta. Lorimer. Neal, Townsend, Whelehan. Morris, Riehle, Codunan. The Bachelors are doing much to encourage rowing in the prep school, and have loaned Episcopal Academy an eight and four, in which to train. There is talk of the alumni of the school rais-

It was not until after several shells were damaged and two oarsmen injured that the police author-ities took stringent section. On ac-count of the very thin materials of which the shells are made, it takes little to damage them, not to speak of the personal injuries which might be involved, and the oarsmen are in hopes that the proper authorities will take Now that Walter Hoover, of Duluth,

#### Camden Plays Trick on St. Luke's Quintet

The Camden Eastern League basketball team visited St. Luke's Hall, Kensington avenue and Huntingdon street, Saturday night and played the team of that church, St. Luke has turned out many stars, and in the line-up were Dick Spalding, Dave Kerr, Lew Fleck, Al and John Cummings and Bob Walker. The baskets are uprights set on the floor like hat racks, and while five St. Luke and four Camden players were battling under the Camden buskets, the one lone Camden player at the other end turned

Down the floor came the St. Luke players, and they were at sen, for there was no basket to shoot at, and after Dave Kerr called time out he found that a trick had been played on them. Kerr blames Cap-tain Roy Steele as the instigator of the prank. The final score was: Camden, 96; St. Luke, 95.

Captain Ray, anchor man; Dewitt, a former captain; Robinson and Beattle are expected to win their places on the team Monday from any of the newcomers, and during practice next week the decision will be made about entering the more important event.
