Cork Slayings Cause Terror of Reprisals in Belfast

Dublin, April 20,-(By A. P.)-The peace conference called by Lord Mayor O'Neill, of Dublin, held another meeting here today, but after a three-hour session it dissolved without any agreement having been reached.

An official statement said it was regretted that no basis of agreement had been found and that no useful purpose

could be served by prolonging the conference.

The slaying of several prominent citizens of Cork yesterday has caused a sensation here equal to that caused when

several members of the family of Owen MacMahon were killed in Belfast last

month.

It is widely believed here that the murders were intended in reprisal for the MacMahon killings.

The Provisional Government is credited with the declaration that those guilty for the Cork outrages will be brought to justice. The public here fears more terrible counter-reprisals in Belfast, which in their turn would have a sequel elsewhere. a sequel elsewhere.
