McCumber's Fate Uncertain In North Dakota the fight lies be-tween Senator McCumber and ex-Gov-ernon Frazier, a Non-Partisan Leaguer. There is a third candidate, Pinchot leaders on the other hand Pat Norton, in the race, but he is a minor figure. A convention would name McCumber. The primaries are supposed to favor Frazier, even though the Non-Partisan League has received blows recently. Ex-Senator has been eliminated by ill severe Fronna ealth

In Michigan Senator Townsend likely to be defeated, but in this the result may not have such a bad effect upon party discipline as the result in Indiana and the probable result in lowa and North Dakota. He probably will have Representative Patrick Kel-ley as an opponent. Mr. Townsend is a fairly "regular" Republican and would upon most questions co-operate with the Organization. But there remains the possibility that in the contest the radi-cal and uncontrollable Herbert Baker will slip in.

"We must protect the citizens of Philadelphia." said Mr. Develin. "We can't afford to go on spending money for something that the company ought to do. I believe we ought to go to the Leislature with a request that a through routing bill be passed, so that we will have full assurance that cars will be run from Sizty-ninth street to Frankford. Also I believe we should not raised, the money which was to have been spent on the Broad street sub tway and other extensions. We ought to find out what we are going to do after the expiration of the five-year term. The city ought to get 5 per cent on its investment."
