New Silk Blouses in 14 Models at \$5.90

Tailored styles of the best type are here—and a type not usually found at this price. They are of heavy white pongee and fine pink or white crepe de chine, with Peter Pan, roll and Tuxedo collars, many with tucked bosoms and edgings of wee pleating. The silks are of firm quality and the tailoring of the blouses—the collars, the shoulders, the cuffs—is without reproach.

Well-liked frill blouses are here, also, with lace edging and slip-on blouses with various collars.

Overblouses of Georgette crepe in pink or white are usually trimmed with exquisite fillet laces. Some of these have frills.

Fourteen models—and all sizes in each; what choosing at \$5.90!

Cheese and Nut Sandwiches

Put through the food chopper
One-half pound of shelled peanuts,
One-half pound of store cheese,
Five branches of parsley,
Turn in mixing bowl and add
One-half cup of mayonnaise,
and mix well, use as filling for the sandwiches.

Individual Potato Salads

Line the individual paper drinking cup with lettuce, now fill with well-seasoned potato salad, spread mayonnaise over top and wrap each cup in wax paper, and pack in container that will carry to the picnic grounds. The evening meal may be placed in the fireless cooker, before starting in the morning, and it will be piping hot and ready to serve when the day returns, tired, at the close of the day.

Fruit and Nut Sandwiches

Place through the food chopper
One-half pound of peanuts,
One-half package of raisins,
One-quarter pound of nuts
Then turn in mixing bowl, and add three tablespoons of sirup to blend and use for filling for the sandwiches. Either whole wheat, rye or graham bread may be used for the sandwiches. Butter the slice on the loaf before cutting.

Egg and Cheese Cutlets

Boiled two eggs hard and rub through a fine sieve. Now place in the saucepan.
One cup of milk,
Seven level tablespoons of flour,
Six to solve and bring to a boil. Cook for five minutes and then add
One-half cup of grated cheese.
Heat quickly, so the heat in the sauce will dissolve the cheese, then add
The prepared eggs,
One teaspoon of salt,
One-half teaspoon of paprika,
One-quarter teaspoon of mustard,
One teaspoon of grated onion.
Mix well and turn on greased platter, spreading smoothly, and set away to cool, then place in refrigerator until needed.

To prepare to serve form in cutlets,

dip in flour, and then dip in beaten egg and milk, then roll in fine breadcrumbs and fry a golden brown in smoking-hot fat.
Make the parsley sauce at the same time as you make the cheese cutlets, and turn in mixing bowls and cool, place in refrigerator, and when ready to serve reheat, adding a little hot water, beat smooth, and heat to boiling point.
Make individual custard puddings and garnish with Saledonian cream.

After-Dinner Tricks

No. 166 To Make a Coin Lie Heads or Tails
A coin is shaken between the hands and the side which is uppermost, the coin is held in the palm of the hand which is uppermost. In shaking the coin between his hands he holds the palm well together, so that the coin will not turn over. Then, with the fingers of the lower hand he contrives to bring the coin to the edge, a position which he maintains by pressing tightly with the palms. Whichever is chosen, the performer has merely to let the coin fall in the proper direction when he removes the upper hand.
