

### BACK RIFLE SHOTS FORM LEGION TEAM

Logan Post Issues Broadcast Challenge to Others of Organization

### GIRLS WILL PRESENT PLAY

Logan Post, No. 376, American Legion, is organizing a rifle team, with Comrade Dunlap as president. The club will begin practice immediately, and since none of its members are strangers to the use of a rifle, it will shortly be ready for matches with the legion teams.

At the last meeting, which was incidentally the first held in the new post quarters at 427 North Twenty-second street, several recruits were enrolled. The post has accepted an invitation to attend patriotic services to be held next Sunday in Zion Protestant Episcopal church. The members will meet on Sunday morning at headquarters and march to the church.

### Raymond E. Greeley Post No. 41 is arranging a circus. This out of the ordinary news has followed a long series of conferences with the management of one of the better known circuses. The circus will be staged at Fifteenth and Spruce streets, during the week of May 29 to June 3.

There will be dogs, ponies, fat women, twenty-piece bands, to say nothing of ferris wheels, "submarine swings," merry-go-rounds, roller coasters and cane ringing booths.

### Tonight, Lawrence E. Delaney Post No. 41 will meet at 637 North Twenty-second street. They will have as their guest "Fighting Joe" Thompson, commander of the Legion in Pennsylvania. James Jacquette, chairman of Delaney Post's Entertainment Committee, has announced that a smoker will be given early next month. The proceeds of this affair will be used in paying off the mortgage on the post's present headquarters.

### Yeoman Post No. 50, is increasing rapidly in membership. A charter was signed at the last meeting. The dramatic club of the post plans to repeat its highly successful presentation of "Mrs. Black's Pink Tea."

### Safety is Not the Only Consideration in the Selection of Your Bank

In establishing banking connections financial stability is of course the first consideration. But you have a right to expect much more than merely the safety of your funds and the cashing of your checks. In other words—Service—Convenience.

Among the features of this Company's Banking Service are:

- 2% interest credited periodically on accounts carrying proper balances. A monthly statement mailed to each depositor showing the exact state of his bank balance.
- Ten tellers' windows. Thus, in spite of the volume of business daily transacted, clients depositing funds or cashing checks are served with the least possible delay. If desired, all deposits may be made by mail.
- The location of the Company at Broad and Chestnut Streets is in itself a convenience. For women clients a well appointed rest and writing room is provided.
- To-the-younger business man or woman or the younger business firm, the advantage of strong banking connections might well be an important consideration.
- Your account will be cordially welcomed. For further information, address the Service Department.
