**CANCER RESEARCH
FOUNDATION VOTED**

Large American Universities
Expected to Participate in
Research Work
WOMEN DOCTORS NEEDED

By the Associated Press
St. Louis, May 24.—The general con-
vention of the American Medical Asso-
ciation today was divided into sec-
tional groups, while the House of Dele-
gates, the ruling body, had recessed until
tomorrow, when the election of officials
will be held.
That the establishment of a national
cancer research foundation has been
voted by the American Radiology Society
and the Radiological Society of North
America was announced by Dr. Edwin
C. Ernst, of St. Louis, secretary of the
American Radiology Society. He
explained that eventually it was ex-
pected all large American universities
would participate. He estimated that
approximately \$500,000 would be needed
to start the research work, and said
these funds would be contributed by
radium and X-ray experts to centralize
cancer research work.
The demand for women physicians
throughout the United States is far
in excess of the supply, Dr. Martha
Tracy, dean of the Women's Medical
College of Pennsylvania, declared.
"There are more opportunities for
our graduates than we have graduates
to fill them," she said, telling of num-
erous fields of work open to the woman
physician.
Speaking before the committee on
health problems in education, Dr. W.
S. Rankin, state health officer of North
Carolina, asserted that the initial re-
quirement for a healthy community is care-
ful schooling of children by including
in the curriculum daily health studies
and a periodic report on the physical
condition of every child.
The American Radiology Society res-
tored elected Dr. R. E. Locks, of
Detroit, president, and Dr. James T.
Cass, of Battle Creek, Mich., president-
elect.
Dr. Kate H. Meade, of Middleton,
Conn., was named president-elect of
the Medical Woman's National Asso-
ciation. Dr. L. Rosa H. Gantt, Sparta,
N. C., was chosen treasurer, and
Dr. Mary Green, Castle, N. Y., vice
president. The organization will send
six delegates to the international medi-
cal convention in Geneva, June 4 to
June 7.

**MARY GARDEN IN OPERA
NEXT SEASON AT CHICAGO**

Galli-Curci and Polacco Are to Be
Among Stars in Company
Chicago, May 24.—Mary Garden,
Amelia Galli-Curci and Giorgio
Polacco, musical director, will appear
again in opera here next season, it was
officially announced last night. Among
the tenors, it was stated, will be Forest
Lamont, Tito Schipa, Ulysses Lappas
and Octave Daa. The name of Lucien
Muratore, whose difference with Mary
Garden last season attracted wide at-
tention, was absent.
It was the first announcement of the
newly organized Civic Opera Asso-
ciation which assumed charge of opera
affairs following the retirement at the
end of last season of Harold F. Mc-
Cormick as backer of the company and
the raising of a guarantee fund of
\$500,000 a year for five years by public
subscription.
Following her difference with Muratore,
Miss Garden retired as director
general of the company, declaring that
she wished to devote her entire efforts to
singing. Muratore had announced that
he would not sign again under her
direction for "a million dollars."
A statement that Polacco would be-
come musical director and that he now
is in Europe, "where he will pass the
summer touring in a number of cities
and making other engagements to add to
the singing forces," caused much dis-
cussion, as Polacco also was reported
to have had differences with Miss
Garden.

ARMY FLIERS TO BOMB FORT

High Explosives to Be Used in At-
tack at Baltimore
Baltimore, May 24.—(By A. P.)—
Army aviators, having demonstrated
what they can do to battleships, will
make their first attempt to blow a fort
off the map here next Tuesday.
The demonstration, scheduled as a
part of the fourth annual aircraft ex-
hibition of the Flying Club of Balti-
more, will be directed against a re-
production of Fort Carroll, which workmen
have been engaged in building for the
last three weeks at Logan Field. Army
air squadrons from Aberdeen, Md., and
Langley Field, Va., will make the at-
tack, using twenty-five-pound high ex-
plosive bombs while screening them-
selves with smoke bombs.

MOB'S VICTIM STILL FREE

Auto Accident Enables Doomed Man
to Make Unique Record
Irvington, Ga., May 24.—(By A. P.)—
Jim Denton, the twenty-year-old
Negro who escaped from a mob after
being seized from the local jail, was
still eluding the county officers
and other possees trailing him
today.
The Negro's escape shattered all mob
records in Georgia. An automobile ac-
cident saved him from the wrath of the
Williamson County mob that captured the
jail "babe" when he was held in the
sentence of death for a crime alleged
to have been committed against a
woman three years ago. Many won-
derful mob victims have been rescued by
others, but this is believed to be the
first case of an unaided escape.

TROOPS TO QUIT SILESIA

Allies Expected to Withdraw Forces
By Last of July
Paris, May 24.—(By A. P.)—The
allied military occupation of Upper
Silesia is likely to come to an end
by the last of July, according to the
report of the Allied Commission for
the district, which was considered today
by the Council of Ambassadors here.
Fourteen thousand men of the allied
forces are still in Upper Silesia. Of
these 11,000 are French, 1500 British
and the remainder Italian.
The Germans and the Poles recently
reached an agreement covering adjust-
ments in the district.

FIVE KILLED IN SEWER

3 Milwaukee Firemen Overcome
Trying to Rescue Tunnel Workers
Milwaukee, Wis., May 24.—(By A. P.)—
Three city firemen and two tunnel
workers were killed by gas and elec-
tricity at the bottom of a fifty-two-
foot shaft of a sewer system this morn-
ing and nearly a score of firemen were
overcome.
The firemen were trying to rescue the
two dead tunnel workers.

"DRYS" TO OPPOSE CALDER

Anti-Saloon League Says It Will
Fight Senator's Renomination
New York, May 24.—The State
Board of Trustees of the Anti-Saloon
League of New York yesterday placed
the organization on record as opposed to
the renomination of William M. Calder,
United States Senator.
An official statement said "to re-
nominate a man who is notoriously
'wet' and who is unwilling to have the
rest of his record brought to light, is not
only an offense against the conscience
of the State and the orderly adminis-
tration of law, but politically speaking
is superlative stupidity."
Should the Democrats fail to nomi-
nate a satisfactory candidate against
Senator Calder, the league announced

"SMOKES" BLOW UP PLANT

Boy Flicks Cigarette, Loses Shirt;
Father Loses Building
North Bergen, N. J., May 24.—Au-
gusto Sunday lost one of the buildings
in his fireworks plant in New Durham,
and his fourteen-year-old son, Nunzio,
lost his shirt, his self-assurance and
a package of cigarettes yesterday, when
the boy went into the building in order
to smoke without parental interference.
Leaning against a large red sign,
which said something about "No Smok-
ing. This Means You," Nunzio flicked
the ashes from his cigarette onto a table
on which a quantity of powder had
been scattered. Among the things
which went up were the roof of the shed
and Nunzio's shirt. The boy was un-
injured.

FRENCH MISSION DELAYED

May Discuss Debt With J. P. Mor-
gan Before Visiting U. S.
Paris, May 24.—(By A. P.)—De-
parture of a French mission to confer
with the American Inter-Allied Debt
Funding Committee in Washington has
been indefinitely postponed.
The Government felt that the mo-
ment of the arrival in Paris of J. P.
Morgan would be an ill-chosen one in
which to dispatch the mission, the mem-
bers of which might fruitfully talk with
the banker, says the Petit Parisien.

It pleases us immensely, of course,
when Cadillac owners tell us the car
is unequalled. But when they add
that this excellence extends to all
features and that all are uniformly
pleasing, we feel that no higher
tribute could be paid a motor car.
